AWAKENER IS PROUD TO ANNOUNCE

NATIONAL COMPETITION-2018 IN THREE CATEGORIES

CATEGORY-A

- **WRITE AN ARTICLE ON:**
Major Problems Facing Pakistan Today.
Your article must consist of only one problem with its solution (250 words, Language: Urdu/English)
- **POETRY ON:**
 1. Watan ki Mitti
 2. Pak Fauj
 3. Nature(Language: Urdu/English)
- **SHORT STORY ON:**
Personal experiences
(Language: Urdu/English)

CATEGORY-B

- **ART / PAINTING COMPETITION:**
Topics:
 1. Save the Earth,
 2. Child Labour
 3. Support Disabilities.(Size of page 8.27 × 11.69 inches or A4)

CATEGORY-C

- **SCIENCE PROJECT COMPETITION**
Field:
 1. IT,
 2. Physics,
 3. Chemistry
 4. Biology

THE INSTRUCTIONS TO FOLLOW FOR THE COMPETITION ARE AS FOLLOWS

- 1-Up to 16-year-old can participate in any one of the above given categories.
- 2-In category # A, Submissions must be new original work that has not been previously published (this includes articles published in your school newspaper, on other websites or blogs).
However, submissions will not be considered and may be removed if they are primarily a collection of links to other articles.
- 3-All three categories must be submitted by one person. Copartner materials are not accepted
- 4-All three categories must have a cover page indicating (1) Your Category title (2) Your name with picture (3) Address (4) Phone / Cell number (5) Email (6) City (7) Age (8) Gender (9) School name with campus.
- 5-Any missing entry of the above information will not be considered.
- 6-Entries may be submitted through postal mail at Karachi address or online (www.awakenermagazine.com)
- 7-In category # C send your Project details along with its pictures.
- 8-Registration fee Rs:100/- Per Student and submit your fee through crossed-cheque drawn in the name of Awakener Welfare Trust or online: Account Title: Awakener Welfare Trust, Account # 866470, JS Bank Limited, Mughalpura Branch Lahore-9150
- 9-Deadline: Entries must be received by February 20th, 2018
- 10-Result will be announced on 10th March, 2018

AWARDS

CATEGORY-A	CATEGORY-B	CATEGORY-C

building a better tomorrow....

From the Editor's Desk!

Assalamu Alaikum,

Winter vacations are now over and most of you are back to classrooms and we would like to take this opportunity to wish each and every reader a very happy new year 2018.

I would like to express my considerable appreciation for all writers of the articles of the Awakener Magazine. It is their generous contributions of time and effort that make this magazine successful. At the same time, I would like to encourage all our readers to consider sharing their suggestion for improving the image of the magazine.

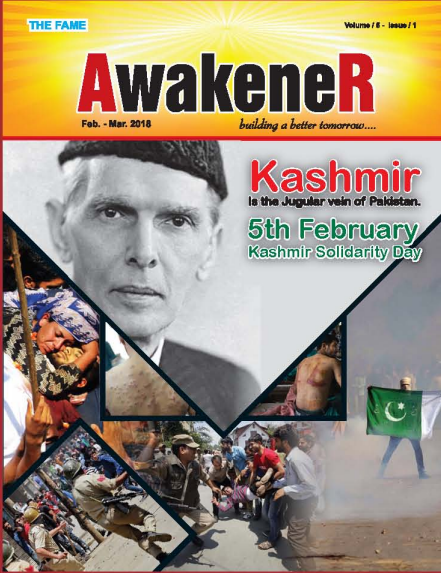

Awakener is proud to announce National Competition-2018 in three categories

- 1- Writing Competition
- 2- Art Competition
- 3- Science project competition

Winners will get prize with coverage in our magazine and the chance to promote your talent in different TV channels.

حُب الوطنی

حُب الوطنی ہے وطن سے محبت
یہ ہوتی ہے ہر قوم کی قوت

کہتے ہیں حُب الوطنی ہے ایمان
ہوتی ہے یہ ہر انسان کی پہچان

حُب الوطنی ہے اس ہمت کا نام
کرواتی ہے جو ملک کی دفاع میں ہر کام

حُب الوطنی ہے ہر انسان کا جذبہ و جنون
ہے اس میں بسا ہر ملک کا امن و سکون

ہے وہ غازی جو اس جذبے میں کچھ کر جائے
ہے وہ شہید جو اس جذبے کو لے کر مر جائے

تاریخ گواہ ہے ایسی بہت سی مثالوں کی
کرتی ہے تعریف حُب الوطنی کو چاہنے والوں کی

دل ہوتا ہے محب الوطن شخص کا دشمن کے لیے سخت
کیونکہ دھڑکتا ہے وہ دل اپنے ملک کے لئے ہر وقت

اور وہی ہے درحقیقت محب الوطن انسان
کوشاں رہتی ہے اپنے ملک کی بہتری کے لیے جسکی حبان

میراپاکستان

بڑی محنت سے یہ سرزمین ہے ملی
جس نے ہم کو دی ہے ایک پہچان نئی
تیرے وجود سے ہی ہے ہمارا وجود
کم ہے شکر کے ہزاروں سجد
تیری دھوپ ہے ٹھنڈی چھاؤں حبیبی
زمین ہے نرم آنغوش ماؤں حبیبی
وطن ہے ہمارا عظیم الشان
اس کے لیے ہے حبان بھی قربان

وضو کا بیان

سنت نبوی ﷺ اور جدید سائنس

BENEFITS OF ABLUTION IN THE LIGHT OF MEDICAL SCIENCES

The obvious reason behind **washing the mouth** during ablution is to remove the food particles, which could cause teeth and gum problems. That is also the reason why miswak is also encouraged before ablution.

When washing one's nostrils, one is also performing a preventive health measure as the germs trapped in the nostrils are removed and do not pass on to the respiratory system (Lungs).

According to a study conducted by a team of doctors in Alexandria University, the Prophetic tradition, which urges the exaggeration of washing the nostrils by introducing the water in the nostril then blowing it out, positively affects the inner coating of the nostrils. Those who carried out the washing in the correct form had clean, shiny nostrils with no dust clinging to the small hair inside.

اللہ تعالیٰ ارشاد فرماتا ہے
”یعنی اے ایمان والو! جب تم نماز پڑھنے کا ارادہ کر لو تو اپنے منہ اور کہنیوں تک ہاتھوں کو دھوؤ اور سروں کا مسح کرو اور نگوں تک پاؤں دھوؤ۔“

حضور ﷺ ارشاد فرماتے ہیں۔

قیامت کے دن میری امت اس حالت میں بلائی جائیگی کہ انکے منہ اور ہاتھ آٹاڑ وضو سے چمکتے ہوں گے تو جس سے ہو سکے چمک زیادہ کرے۔ (بخاری و مسلم)

وضو میں چار باتیں فرض ہیں

1- منہ دھونا

2- ہاتھ دھونا

3- سر کا مسح

4- پاؤں دھونا

وضو کی سنتیں

1- نیت کرنا

2- بسم اللہ سے شروع کرنا

3- پہلے ہاتھوں کو انگلیوں تک تین تین بار دھونا

4- مسواک کرنا

5- تین بار چلو سے تین بار ناک صاف کرنا

A Tribute to Shaheed Second Lt. Abdul Moeed

یہادریپاہی

وہ جواں ہیں ملک کے باغبانِ حِسنِ حب الوطنی ہے دوڑتی رگوں میں
کہتے ہیں انہیں سب سپاہِ وطن جذبہ جنون بہتا ہے انکے دلوں میں

ملک کے فرزند ہیں وہ شاہیں جواں کبھی پرچم کو ہتھے وہ طرزِ شاہیں اڑا کرتے
اس ملک کی پہاروں کے ہیں وہ نگہباز کبھی بن کے کشتی وہ لہروں سے لڑا کرتے

ایک ہاتھ میں لیے بندوق ایک میں قلم گزر جاتے ہیں وہ ہر تکلیف سے باآسانی
ہیں گامزن راہِ آزادی پر جن کے قدم مسرتے ہیں مگر ہوتے نہیں کبھی بھی فانی

ماں کی یاد کو ہمراہ لیے جنگ کے لیے چلتے ہیں
بہوں کو باندھ کر جسموں پر وہ آگے بڑھتے ہیں

کشمیر

آزاد کریں گے کشمیر کو آزاد ہے کشمیر
حبان میں ہے حبان جب تک، حبان ہے کشمیر

ہم ہیں پاکستانی، ہم سب ہیں آزاد
آزاد کریں گے کشمیر کو آزاد ہے کشمیر

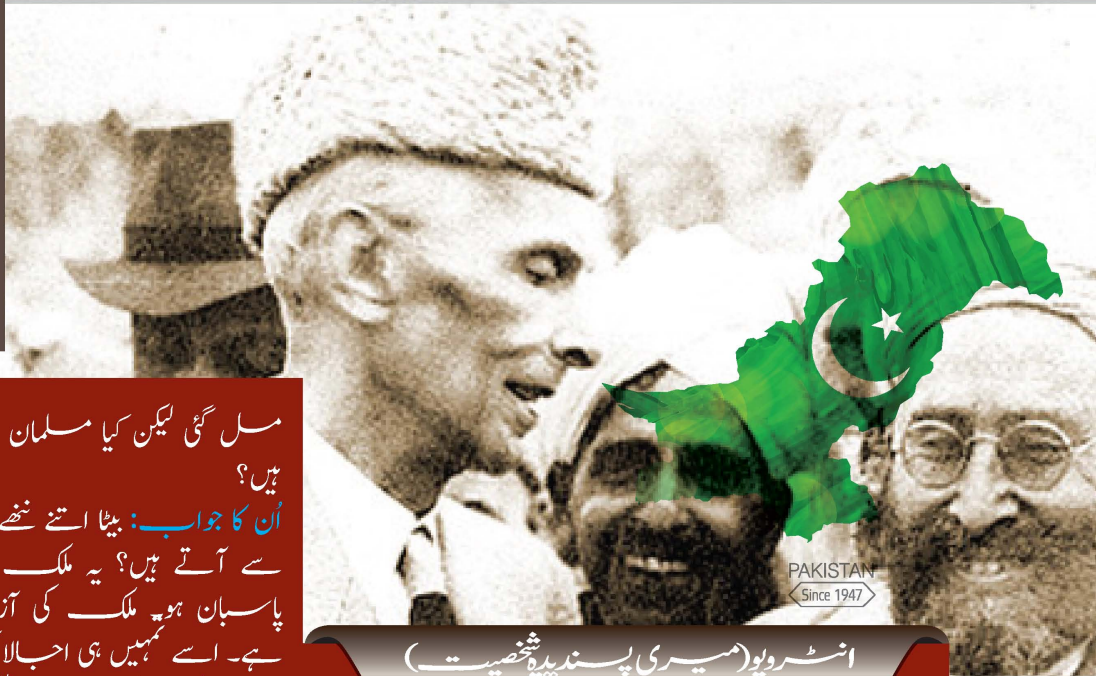

جنگ کریں گے دشمن ہوگا راکھ
ہم بنیں گے ایک تو، ایک بنے گا کشمیر

سرتے دم تک نہ چھوڑیں گے، لڑے گا اک پاکستانی
عن لو! اے سب دشمنوں آزاد ہے کشمیر

حبان بھی قربان، حمیرہ مال بھی قربان
دلسے کشمیر کے آزاد ہے کشمیر

آزاد کریں گے کشمیر کو آزاد ہے کشمیر
حبان میں ہے حبان جب تک، حبان ہے کشمیر

مسئل گئی لیکن کیا مسلمان اپنے ملک پاکستان میں آزاد ہیں؟

اُن کا جواب: بیٹا اتنے ننھے سے ذہن میں یہ سوال کہاں سے آتے ہیں؟ یہ ملک تمہارا ہے اور تم ہی اسکے پاسبان ہو۔ ملک کی آزادی کہیں اندھیروں میں کھو گئی ہے۔ اسے تمہیں ہی احبالا کرنا ہوگا۔

میرا سوال: یہ آپ نے ٹھیک کہا، آپ نے پشاور کا سانحہ تو دیکھا ہی ہوگا جس میں آپکی روح تڑپ گئی ہوگی۔ بچوں نے حجام شہادت حاصل کر کے یہ ثابت کر دیا کہ ملک کا مستقبل روشن ہے۔

اُن کا جواب: تمہارے سوال میں ہی میرا جواب ہے۔ وقت کی رفتار کے ساتھ ہمیں اپنی رفتار ملانی ہوگی۔ وقت انھی قوموں کو یاد رکھتا ہے جو لہو سے اپنی تاریخ رقم کرتے ہیں۔ اس ملک کو آزادی شہیدوں کے لہو سے ملی ہے بچوں کی شہادت کبھی رائیگاں نہیں جائے گی۔ دل چھوٹا مت کرو۔

میرا سوال: آج ہمیں بھی محمد بن قاسم اور ٹیپو سلطان جیسی شخصیت چاہیے جو مکمل جذبہ ایمان سے کام کریں۔

اُن کا جواب: بیٹا گھبراؤ مت۔۔۔ یہ ملک اللہ تعالیٰ کے نام پر حاصل کیا گیا تھا اسکی حفاظت بھی اللہ تعالیٰ ہی کریں گے۔

اور اچانک میری آنکھ کھل گئی اور مجھے یہ خواب دیکھ کر بہت خوشی ہوئی میں نے خواب اپنی امی کو بھی سنایا اور وہ بھی بہت خوش ہوئیں اور کہا کہ ہمارے ملک کا مستقبل روشن ہے۔

انسٹریو (میری پسندیدہ شخصیت) قائد اعظم محمد علی جناح

پشاور کا بم دھماکہ دیکھ کر میں سکتے میں آگئی تھی۔ وہ حادثہ میرے ذہن میں ایسے نقش کر گیا تھا کہ میں آج بھی ان شہید بچوں کے لہو کو بھول نہ سکی تھی۔ میں نے امی سے پوچھا کہ ان معصوم بچوں کا کیا تصور تھا۔ امی نے جواب دیا جب لوگ اپنے ملک کے عندار ہو جاتے ہیں تو ملک کا ایسا ہی حال ہوتا ہے۔ امی کا جواب سن کر میں حنا موش ہو گئی لیکن میرے ذہن میں ابھرنے والے سوالات ختم نہ ہوئے۔ ایک رات میں سو رہی تھی میرے ذہن میں یہی سوالات آرہے تھے۔ کہ ہمارا ملک ایک آزاد ملک ہے مگر یہ کیسی آزادی ہے کہ بچوں کی زندگی بھی حفاظت میں نہیں ہے۔ یہ سوچتے سوچتے میری آنکھ لگ گئی۔ میں کیا دیکھتی ہوں میرے سامنے ایک پروفٹار شخصیت قائد اعظم موجود ہیں۔ میں اُن سے سوال کر رہی ہوں اور وہ خود جواب دے رہے ہیں۔ آپ اس کو انسٹریو کا نام دے سکتے ہیں:

میرا سوال: قائد اعظم سے میرا پہلا سوال یہ تھا کہ آپ مسلمانوں کو آزاد دیکھنا چاہتے تھے۔ ہمیں آزادی تو

AREEBAH HASSAN

THE CITY SCHOOL KARACHI

IS THIS JUSTICE TO PAKISTAN?

"Pakistan." What comes to our mind when we hear this? The country our Quaid fought for? The land our fore fathers fought for? Or just corruption, poverty and terrorism?

On 14th August 1947, a nation won a long fought war of freedom. A battle of rights. A battle of liberty. The battle of Independence from oppression, tyranny and misery. Quaid-e-Azam Muhammad Ali Jinnah, achieved the goal of his life. He accomplished what he had toiled his entire life for. He, with his nation, attained Pakistan, and their weapons being just 'Unity, Faith & Discipline'. But after him, where did that nation go? Where did that spirit of unity go? Why did they lose their weapons? What happened to that victorious nation who won Pakistan?

We have taken this freedom, this land, this country, the sacrifices of our ancestors for granted. We've forgotten the amount of sacrifice we made for Pakistan. We're taking everything for granted. We're no more sincere with our country. We're no more pure in neither our intentions, nor actions. We've dismissed the main idea of Pakistan from our minds. Pakistan was made, so that we could live our lives according to Islam. According to what

Allah and our Last Prophet (PBUH) said. But, are we still following it? Does our country still have that Islam element? No! We've totally abandoned the enormous atonements our ancestors have paid. We've become self-interested, prejudiced and greedy.

We just care to fill up our pockets, paying no heed to where our country is going. What's happening, or what will happen to Pakistan due to our actions, we've no concern with that. We kill each other. We oppress the poor. We toll our people heavily. We receive billions of dollars as foreign aid. WHY? Just to calm our hunger for more. To fulfill our desire for more. We're never contented with what we have, we always want more.

Is this how you pay back one's sacrifices and endless struggle? Is this how you thank and pay tribute to one who gifted you the most precious thing? Or is this even justice to us? It's high time, we must now analyze ourselves. Before pointing fingers to others, we must see ourselves in the mirror and see what dirt we have on us, and clean that. Is this justice to our heroes? To the people who served their entire lives, to win this freedom? To our Quaid? Is this justice to Pakistan?

عدل و انصاف

ترجمہ: اور جب (کسی کی نسبت) بات کہو تو انصاف کرو، چاہے وہ (تمہارا) رشتہ دار ہی ہو۔ اور خدا کے عہد کو پورا کرو۔ ان باتوں کا خدا تمہیں حکم دیتا ہے تاکہ تم نصیحت کرو۔ یہی وجہ ہے کہ وہ اہل عرب جو رسول اللہ ﷺ پر ایمان نہیں لائے تھے مگر انہیں یہ یقین ہوتا تھا کہ رسول اللہ ﷺ ہمیشہ عدل و انصاف سے کام لیتے ہیں۔ اس لیے کفار اور مشرکین اپنے معاملات و مقدمات رسول اللہ ﷺ کے حضور پیش کرتے اور انصاف پاتے۔ کئی دفعہ یہ بھی دیکھنے میں آیا کہ رسول اللہ ﷺ کے سامنے ایک معاملہ پیش ہوا جس میں ایک مشرک مسلمان اور دوسرا کافر تھا۔ کافر حق پر تھا اور مسلمان زیادتی پر، کافر اگرچہ رسول اللہ ﷺ کا حبابی دشمن تھا لیکن پھر بھی ہمارے پیارے نبی حضرت محمد ﷺ نے کافر کے حق میں فیصلہ دیا۔ ایک دفعہ ایک مسلمان عورت فاطمہ بنت عبد اللہ نے چوری کی ایک معزز و معتبر (بڑے) گھرانے سے تعلق رکھتی تھی۔ اس کا مقدمہ جب حضور ﷺ کی عدالت میں پیش کیا گیا تو رسول اللہ ﷺ نے چوری ثابت ہونے پر اس کا ہاتھ کاٹنے کا حکم دیا۔ کچھ لوگوں نے کہا کہ عورت ہونے کے ناطے اس کی سزا میں نرمی کی جائے مگر رسول اللہ ﷺ نے یہ جواب دیا کہ اگر اس عورت کی جگہ ان کی بیٹی فاطمہ بنت محمد ﷺ بھی ہوتی تو وہ تب بھی اللہ کے حکم کے مطابق یہی فیصلہ دیتے۔ جو لوگ انصاف کرتے ہیں وہ لوگ اللہ کی طرف

دنیا میں جتنی بھی تہذیب، معاشرتیں، مذاہب اور ممالک ہیں ان سب کے وجود کی بقا اور معاشرے میں امن و سکون کی بنیاد عدل ہے۔ عدل کی عدم موجودگی معاشرے کو بے چین اور مضطرب کر دیتی ہے۔ لوٹ مار، ڈاکہ زنی، چوری اور رشوت وغیرہ جیسے انتہائی قبیح افعال عدل نہ ہونے کی وجہ سے ہی نشوونما پاتے ہیں۔

اسلام دین فطرت ہے اس نے معاشرے میں توازن پیدا کرنے کے لیے مختلف احکامات جاری کیے ہیں۔ عدل اسلامی معاشرے کا ایسا ستون ہے جو اللہ تعالیٰ کی نظر میں نہایت ہی معتبر پایا۔ اللہ تعالیٰ فرماتا ہے:

ترجمہ: پس جب وہ رجوع لائے تو دونوں مشرک میں مساوات کے ساتھ صلح کرو اور انصاف سے کام لو۔ اللہ تعالیٰ ہمیشہ انصاف کرنے والوں کو پسند فرماتا ہے۔

جہاں اللہ تعالیٰ عدل و انصاف کرنے والوں کو اپنا دوست رکھتا ہے ان سے محبت کرتا ہے وہیں وہ تمام انسانوں کو انصاف کرتے رہنے کا حکم بھی دیتا ہے۔ اللہ تعالیٰ نہ صرف عمل اور معاملات میں حق و انصاف سے فیصلہ کرنے کا حکم دیتا ہے بلکہ وہ گفتگو میں بھی عدل و انصاف کے دامن کو پکڑے رہنے کا حکم دیتا ہے۔

پر مسبئی عفتاند و نظریات کو ماننا بھی شامل ہے۔ عدل انصاف کے معاشرے اور انسانی زندگی پر اثرات خلیفہ دوم حضرت عمر بن خطابؓ کے زمانے میں ایک عقیقہ بادشاہ روم قیصر نے امیر المؤمنین کی طرف کچھ پیغام دے کر ایک فتا صد بھیجا۔ فتا صد جب دار الحکومت پہنچا تو معلوم ہوا کہ حضرت عمرؓ اینٹ کا تکیہ بنا کر ریت پر سوئے ہوئے ہیں۔ جس اطمینان اور سکون سے حضرت عمرؓ استراحت فرما رہے تھے۔ وہ دیکھ کر فتا صد پر رقت طاری ہو گئی اور وہ دل میں کہنے لگا:

دنیا کے بادشاہ جس سے کانپ رہے ہیں، وہ شخص اطمینان سے اکیلا سویا ہوا ہے۔ عمرؓ تم نے انصاف کیا اس لیے تم سکون اور اطمینان سے ہو اور دنیا کے بادشاہ ظالم ہیں اس لیے وہ حائف ہیں اور ان کی نیندیں اڑ چکی ہیں۔

اس واقعے سے ظاہر ہوتا ہے کہ معاشرے میں سکون و اطمینان دراصل عدل و انصاف ہی کی وجہ سے ممکن ہے کیونکہ اس سے حیرانم میں کمی آتی ہے اور لوگوں کا ایک دوسرے پر اعتماد بڑھتا ہے اور معاشرے سے خوف کی کیفیت دور ہو جاتی ہے۔ خوف اگر باقی رہتا ہے تو اللہ تعالیٰ کا کیونکہ اس کے مابین جو فیصلہ ہوتا ہے وہ اللہ تعالیٰ کے احکامات کے مطابق ہوتا ہے۔

سے جو اعزاز و اکرام پائیں گے اس کا ذکر حضرت محمد مصطفیٰ ﷺ نے ان الفاظ میں کیا۔ انصاف کرنے والے اللہ کے نزدیک نور کے منبروں پر ہوں گے۔ جو وہ اپنے فیصلے، اہل و عیال اور جوان کی حکمرانی میں ہوں، سب کے ساتھ بلاروا و رعایت انصاف کرتے ہیں۔ اسی طرح ایک اور جگہ حضور ﷺ فرماتے ہیں: قیامت کے دن سوائے عرش کے سائے کے اور کوئی سایہ نہ ہوگا۔ اللہ تعالیٰ اپنے عرش کا سایہ جن لوگوں کو نصیب فرمائے گا ان میں اول درجہ انصاف کرنے والے امام کا ہے۔

★ اللہ تعالیٰ کے ساتھ عدل:

اللہ تعالیٰ کے ساتھ عدل کا تقاضا ہے کہ ہم اس کے ساتھ کسی کو شریک نہ ٹھہرائیں، اس کی اطاعت کریں، اس کی نافرمانی نہ کریں، اس کی نعمتوں کا شکر ادا کریں، ناشکری نہ کریں اور اس کی یاد سے غافل نہ ہوں۔

★ لوگوں کے ساتھ عدل:

لوگوں کے درمیان فیصلہ کرتے وقت یہ دھیان رکھیں کہ ہر محروم کو اس کا حق ملے اور اس کی داد رسی ہو۔

★ گھر والوں اور اولاد کے ساتھ عدل:

ہر انسان کا فرض ہے کہ وہ اپنے اہل و عیال یعنی بیوی اور بچوں کے درمیان تمام معاملات میں انصاف کرے چاہے وہ بیٹا ہو یا بیٹی، بڑا ہو یا چھوٹا۔

★ گفتگو میں عدل:

مسلمان جب بات کرے تو جھوٹ اور عسلیط باتوں سے پرہیز کرے اور صرف سچ بولے۔

★ عفتاند و نظریات میں عدل:

حقیقت کے حقائق یا واقعے کے حقائق کی بات و نظریات کو دل میں جگہ نہ دینا، صرف حقیقت اور سچائی

ABDUL MOIZ

THE CITY SCHOOL, NORTH NAZIMABAD CAMPUS, KARACHI.

CORRUPTION FREE PAKISTAN

The world, including Pakistan, observes the International Anti-Corruption Day. Corruption is no longer a national matter but a transitional phenomenon that affects all societies and economics, making international co-operation essential to prevent and combat it. The fight against corruption has assumed a global dimension. Realizing the grave socio economic threat posed by corruption, nations of the world have committed themselves to the eradication of corruption through the United National Convention against corruption (UNCAC). Pakistan too faces the menace of corruption in all spheres of human activities. It is clearly the nation's most formidable challenge and a threat to our future. The campaign against corruption is one in which we all have a direct and important stake. Corruption retards the pace of development and impedes developmental activities. Corrupt practices creates hindrance i government's efforts aimed at providing basic social services and alleviating poverty. In an environment where there is lack of integrity, investment is discourages and the objective of accelerating economic development, increasing prosperity and eliminating poverty receives a severe setback. Corruption in government speeding leads to serious reduction in impact of development programmers and result in perpetual increase in cost of maintenance of public assets.

Corruption has emerged as a potential threat to the stability of societies and is causing breaches in world social order. If threatens our long established good values which have been evolved our civilized struggle.

The menace of corruption is embedded in multitude of vices and challenges. Its roots are linked to injustice, mistrust, extremism and terrorist activities. It would be needless to add that the ultimate victim of corruption and poverty is human dignity itself. While it is a universally accepted fact that among many other causes corruption emanates primarily from poor governance has to be good in its manifestation if corruption to be defeated. The essential components of good governance are supremacy of Rule of Law, Accountability, Transparency are Predictability. In their absence the edifi of State Institutions collapses and so does public confidence, giving rise to over all hopelessness and despair. Corruption is too complex a phenomenon to be tackled with

the enforcement based approach alone. To create mass awareness against corruption, the government has specially focused on the youth which are the engine of positive change and our future flag bearers. The media, too has played extremely pivotal role in supporting fight against corruption. The united national conventions against corruption (UNCAC) the premier international anti-corruption initiative, is the result of a long negotiation process, in which Pakistan has participated activity.

Today Pakistan is well represented in the major global as well as regional anti-corruption initiatives like International Association of anti-corruption authorities (IAACA), Asia Pacific Group on Money Laundering (APG), ADB_OCED Anti Corruption Initiative for Asia and Pacific and the OIC Anti Corruption and Enhancing Integrity Forum (ACEIF). As per Transparency International report 2008, Pakistan is ranked 134th out of 180 nations in the anti-corrupting rating, which implies that is the most corrupt country in the world. We may recall those difficult time in the early nineties when Pakistan was declared the second most corrupt nation after Nigeria. The silver lining is that despite the Political, economic and security related upheavals of 2007/2008, Pakistan's anti corruption efforts

are bearing fruit, though we still have a long way to progress to attain at least the halfway mark in the world ranking.

The process of Accountability is essential to sustain good governance and forestall a free for all Chaotic State corruption in our society through integrated efforts of all stake holders, including the anti-corruption agencies, civil society, media etc. Our society must be transformed from the current mindset of accepting corruption as a way of life to one of total rejection & zero tolerance. If Pakistan is to achieve sustained socio-economic development with healthy foreign investment, corruption must be eliminated at all costs. A strong political will, rule of law, backed by an honest incorruptible Judiciary, will surely help achieve the dream of a strong, progressive and prosperous Pakistan.

DUA ANWAR

THE CITY SCHOOL, LIAQUAT CAMPUS, HYDERABAD.

SOCIAL EVILS IN PAKISTAN

The social evils are one of the most brutal & biggest curses to any nation which plays the vital role in the destruction of the society in any state or country. Pakistan is amongst one of those countries which are facing various disparaging social evils, which have affected the law and order, national harmony and the peace of the county. Let us have the overview on the various types of social evils in Pakistan & what are the main reasons which have contributed in making these social evils from bad to the worst. One of the most critical social evil in Pakistan is in the list of top countries having mighty huge corruption in the system and the establishment. Corruption had strengthened its roots not only in the government organizations but at the same time private sector is also a victim of this social evil, due to which the justice & equality has dispersed from the country as people can do anything with the help of power and money at any level. The main cause for this social evil is greed for money and power and at the same time unfair and unpatriotic intentions not only of the officials but also including the government officials and politicians.

Terrorism is also a very significant social evil in Pakistan which has not only just affected the law and order situation but with the passage of time has a very huge adverse impact on the national economy of the state. Due to the terrorism activities, the international investment had disappeared from the state leaving

Pakistan all on its own or on the international loans.

The basic reason behind this is the religious extremism and the hate against the government of the state.

Sexual harassment is also considered to be a very destructive social evil in Pakistan where the children and female are being victims of sexual harassment by the evil and inhuman people of the state.

YAMMNA NADEEM

THE EDUCATORS, ARIZONA, KARACHI.

POVERTY

Poverty means the situation which results is the non availability of basic necessities of life including food, clothing, shelter etc. In Pakistan poverty has embittered the lives of poor people the distress & grief in the people has appeared only due to poverty. Poverty is a state of deprivation, lacking the usual or socially, in June, 2016, almost half of the world over three billion people live on less than \$2.50 a day more than 80 percent of the world's population lives in countries where income differentials are widening. 40 percent of world is poor. In developing countries like Pakistan, the people have become its worst victims. The latest report of world bank ranked Pakistan at number 43 in list of countries most exposed to poverty. The IMF warned the United States that its high poverty rate needs to be tackled urgently by raising the minimum wage . . . Iowa has 12.8% of people living in poverty, this is poverty lowest percentage in the United States. The poor in the United States are incarcerated to a much higher rate. Malawi is the poorest city in the world. It is located at Africa. Due to unequal distribution of wealth, rich people are becoming richer and poor are becoming even poorer.

The basic cause of poverty is inflation and unemployment due to which our country is at verge of misery and despair. A vast difference in the income groups of people is direct cause of poverty like poverty is the grief for the parents could not bring their 2 years old child to hospital and he died of a routine childhood disease it is so because he could not afford the expenses of the hospital. Such poverty stricken families of many countries get notices who die of hunger pangs because they don't have the jobs to fulfill their basic need of life. Among the various causes of poverty lack of governance is top of the list. Politicians come and go and leave the state at the mercy of God. Due to this political instability in Pakistan, people have become helpless. The Government should work to make the infrastructure strong so that grave issues of societies can be tackled with little efforts.!!!

غربت

سے خودکشی ہی کر بیٹھتے ہیں۔ ایک اور بہت بڑی برائی یہ کہ امیر طبقہ امیر سے امیر تر ہوتا جا رہا ہے اور غریب طبقہ غریب سے غریب تر۔ غربت کی بدولت اُمتِ محمدی ﷺ کے وارثِ تعلیم جیسی نعمت سے محروم رہتے ہیں، جس سے وہ بڑے ہو کر ذریعہ معاش نہیں ڈھونڈ پاتے اور مایوسی میں آ کر کچھ برا کر بیٹھتے ہیں۔ غربت کی وجہ سے لوگوں کو ذہنی سکون نصیب نہیں ہوتا جس کی وجہ سے وہ نشے اور چرس جیسی گندری چیزوں کی طرف مائل ہوتے ہیں۔ ہمارے حکمرانوں کو چاہیے کہ وہ نجی اور سرکاری اسکول کھولیں تاکہ ہر فرد تعلیم حاصل کر سکے۔

جو قوم میں علم کی روشنی سے مستفید نہیں ہوتیں وہ کبھی کامیابی کی سیڑھی نہیں چڑھ سکتیں۔ حکمرانوں کو اب سمجھوتا کرنا ہوگا، اور اپنے راحت و آرام پر خرچ کرنے کے بجائے قرض چکانیں جن علاقوں میں بجلی پانی کی کمی ہو وہاں فراہم کریں، ٹیکس کم لیں، عوام کا لوٹا ہوا پیسہ واپس کریں۔

اگر یہ سب چیزیں عمل میں لائی جائیں تو ہم اس شام کے بعد ایک روشن صبح دیکھ سکتے ہیں۔

پاکستان ایک ایسا ملک ہے جو کہ غربت کے اندھیروں میں ڈوبا ہوا ہے۔ اس کی معاشی حالت دن بدن بدتر ہوتی جا رہی ہے۔ اس ناکامی کی ابتداء ہمارے حکمرانوں کی وجہ سے ہوئی جنہوں نے پڑوس ملک اور دیگر کئی ممالک سے قرض لینے میں کوئی کسر نہیں چھوڑی۔

پاکستان کے دیہاتی اور شہری دونوں علاقوں میں لوگ ضروریاتِ زندگی سے قاصر ہیں۔ لوگ کئی کئی دن ناقوں پر گزارتے ہیں۔

ان کے پاس نہ کھانا، پانی، کپڑے، گھر اور بجلی کچھ نہیں ہے اور وہ ایک کٹھن زندگی گزار رہے ہیں۔

پاکستان قرض تلے دبا جا رہا ہے جس کا ذمہ لوگوں کے اوپر آ رہا ہے جو ہر ماہ گورنمنٹ کو کافی ٹیکس دیتے ہیں جس سے حکمران قرض پورا کرنے کے بجائے اپنے آرام پر خرچ کرتے ہیں جس کی بدولت عوام متاثر ہو رہی ہے۔

غربت کی وجہ سے انسان جرائم کی دنیا میں قدم رکھتا ہے۔ اس کو چوری، ڈاکہ، کسی کا حق مارنا، قتل کرنا یہ سب گناہ نہیں لگتا۔ بہت لوگ غربت کی وجہ

In these days Pakistan is highly affected by corruption. Corruption plays a role of termite which hollows the roots of society. It is the abuse of entrusted power for private gain. It is 21st century, the world of microchip but unfortunately we are unable to tackle down this curse which is the main hurdle in the development of any nation.

The rich are becoming richer and poor are becoming poorer. Did someone ponder...? Why? Its only answer is corruption because it gives birth to many evils in the society and causing many problems in the society like;

- 1- Unemployment
- 2- Injustice Environment
- 3- Increased Illiteracy
- 4- Violation of merit
- 5- Less prosperity
- 6- Less respect for rights
- 7- Destruction of future.

Here I want to add the first address of our beloved leader Quaid-e-Azam, He said:

“Corruption is a curse in India and amongst Muslims, especially the so-called educated and intelligentsia. Unfortunately it is this class that is selfish and intellectually and morally corrupt. No doubt this disease is common but amongst this particular class of Muslims it’s rampant”

But Alas! We as a nation and as a Muslim forgot, what were our values and norms. We forgot the sacrifices of our elders, the blood of elders. Poor people are bound to pay taxes and our leaders are spending luxurious life. Poor people spend their all money on the education of their children but some corrupt people snatch their rights. They snatch their future; they even snatch the dreams of those old parents who left behind with tears and sighs.

In fact it is an immense curse which has swallowed everyone’s rights. We can eradicate corruption by a dopting:

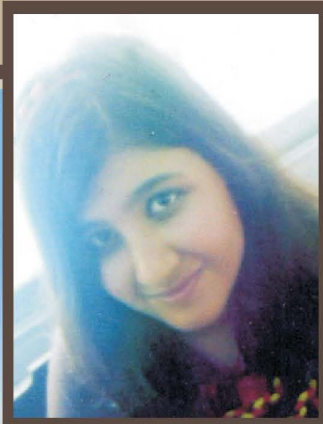

- 1- Islamic Principals
- 2- By giving capital punishment to all corrupt people
- 3- The most proper step is to educate the people
- 4- By understanding the needs of others and examining ourselves

By following these steps we will INSHAA ALLAH get rid of this evil. At the end I want to add up some of the lines:

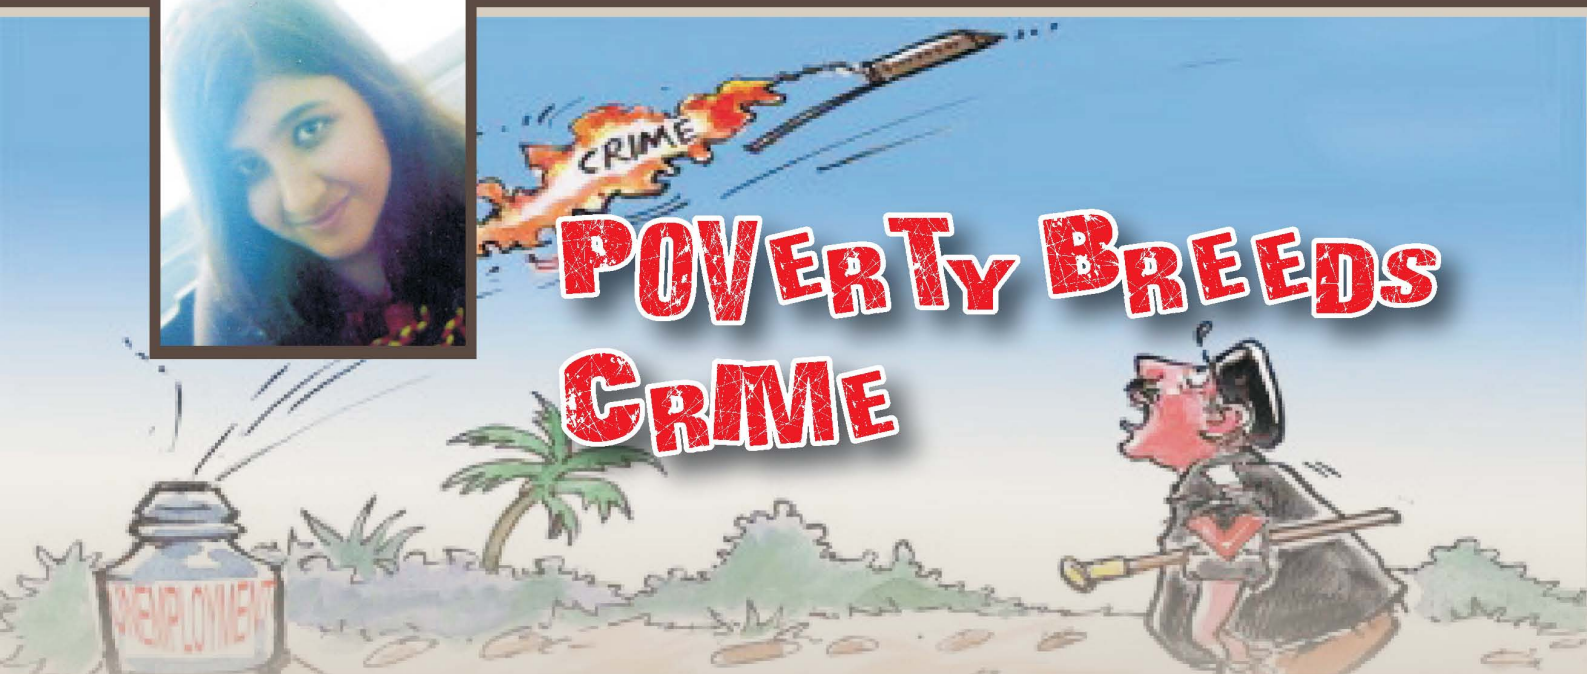

**“A man is a man when honour is kept
Life is no life when the honour is left”**

**“Nation’s honour and nation’s fame
On life they have a prior claim”**

MARYAM JALAL

THE CITY SCHOOL, KARACHI.

Poverty is a state in which a person bears a lack of sufficient income and wealth. The meaning of "sufficient" varies widely across the different political and economic parts of the world, although the most severe poverty is in the developing world, there is evidence of poverty in every region, where sometimes people die due to it. Poverty may be seen as a collective condition of poor people or poor groups. The proportion of the developing world's population living in extreme economic poverty has fallen from 28 percent in 1990 to 21 percent in 2001. But in recent years due to rise in inflation, the poverty is doubled.

"Poverty is a mother of crime".

This is a true saying, because every person has some needs of his life and its necessary for him to fulfill them, definitely no one could abandon the necessities of life! But when someone finds no way for his survival he naturally inclines to crime and starts to search false means. For example, a person

who is hungry for 3 days, he inclines to beg for food, if he doesn't get food after begging, he snatches money or snatches food from a food shop, hence the habit of crime develops due to poverty, then he neglects his conscience and further the habit becomes mature. In a society some people are upper class who live with pomp and show, it affects those low class poverty-stricken people who then choose wrong ways to improve their standard of living. The most common reasons are unemployment, lack of government policies for them etc.

On viewing completely it is dear that poverty the greatest reason of increasing crimes in society, therefore it is not just the responsibility of government but also the people who live in this society to help those poverty-stricken people "up to hilt" and so our society becomes a picture of a civilized nation.

پاکستان میں کرپشن

حکمران بھی خود کو احتساب کے لیے پیش نہ کریں تو یہ شک یقین میں بدل جاتا ہے غرض اس موضوع پر جتنا قلم اٹھایا جائے، سیاہی تو ختم ہو جائے گی مگر واقعات ختم نہ ہوں گے۔ جب جب اس بدعنوانی میں شامل کسی ایک شخص پر ہاتھ ڈالا جائے، تو وہ ایسے انکشافات کرنے لگتا ہے گویا اپنے باقی ساتھیوں کو کہہ رہا ہو:

”ہم تو ڈوبے ہیں صنم، تم کو بھی لے ڈوئیں گے“

مگر غلط کاموں کا انجام برا ہوا کرتا ہے۔

پاکستان حضرت صالحؑ کی وہ اونٹنی ہے جو معجزہ بن کر ہمارے سامنے آئی مگر اس کی کونجیوں کاٹنے والوں کو ماضی کے نتائج سے باخبر ہونا چاہیے۔ یوں تو اقبالؒ نے کہا تھا:

”جس کھیت سے دہقان کو میسر نہ ہو روزی، اُس کھیت کے ہر خوشہ گندم کو جلا دو“

مگر ایسا لگتا ہے اس شعر کو پڑھنے والوں نے کھیتوں کو جلانے کی جگہ کرپشن کرنے کو فوقیت دی ہے۔ یہ ناسور غربت و افلاس ہی کا نتیجہ ہے جس کا جلد از جلد سد باب ضروری ہے۔

کرپشن کسی بھی ملک کی جڑوں کو اس طرح کھوکھلا کر دیتی ہے جیسے دیمک سوکھی لکڑی کو۔ آنکھ کھولتے ہی جہاں ہمیں اس وطن کو حاصل کرنے کے لیے دی گئی قربانیوں کا احساس دلایا گیا وہیں یہ بھی باور کرایا گیا کہ قائد کے اس پاکستان کو بے روزگاری، رشوت خوری، غربت و افلاس کے ساتھ ساتھ کرپشن جیسے ناسور دیمک کی طرح چاٹ رہے ہیں۔ تاریخ کے اوراق پلٹنے پر معلوم ہوتا ہے کہ ذوالفقار علی بھٹو کی نیشنلائزیشن پالیسی سے ہی کرپشن کا بازار گرم نظر آتا ہے۔ تب سے لے کر اب تک ہر بے ضمیر شخص نے انفرادی اور اجتماعی طور پر اس ملک کو لوٹا ہے۔ کہیں غریب عوام کو بکرے کے گوشت کا جھانسا دے کر گدھے کا گوشت کھلایا جاتا رہا، کہیں محمد آصف اور سلمان بٹ کرپشن کیسز میں جکڑے دکھائی دیتے، کہیں ایف بی ڈین جیسی نشہ آور کی سات سے اکیس ارب روپے کی سگنگ میں عالمی سطح پر پاکستان کی طرف انگلیاں اٹھائی گئیں، کہیں اس ۲۰ کروڑ عوام کو ریٹیل پاور پلانٹس کی صلیب پر چڑھا دیا گیا، یہاں تک کہ جب بجلی اور ریلوے کے محکموں پر ہاتھ ڈالا گیا تو اکثر لوگ کرپٹ نکلے گویا اس حمام میں سب ننگے ہیں جب اس ملک کے

NEW YEAR 2018

May this year be a beautiful one
May it bring happiness a million tones
May there be a gleam of pleasure in our eyes
And not a single tear
May we all live happily and merrily
Let there be no corruptions, let us all pledge sincerely
Let's make Pakistan very peaceful this year
Let us be proud Pakistani's and have no fear
Let us promise to shine like the stars
And take challenges in our hand, the world is ours
We are the future of our nation
Let's excel in all spheres of education
Let us unite
And struggle day and night
Let's always support what is right
And shun all difference
May we all bloom like flowers

مونگ پھلی

میں آپ کی دوست مونگ پھلی ہوں میں سردی کا مشہور خشک میوہ ہوں، میں ایک موٹے چھلکے میں قید ہوتی ہوں۔ میری تاثیر بہت گرم ہے۔ میری فصل زمین کے اندر ہوتی ہے۔ جب میں تیار ہو جاتی ہوں پھر مجھے منڈی بھیجا جاتا ہے اور پھر ٹھیلے والے آکر مجھے خریدتے ہیں۔ اس کے بعد ٹھیلے والے مجھے گرم ریت یا کونکے میں بھونتے ہیں۔ پھر جب ٹھیلے والے لگیوں میں آواز لگاتے ہیں تو سب مجھے خریدنے کے لئے آتے ہیں۔ پھر سب اپنے پسندیدہ ٹی وی پروگرام دیکھتے ہوئے مجھے کھاتے ہیں۔

میں مختلف کھانوں میں استعمال ہوتی ہوں، مثلاً:

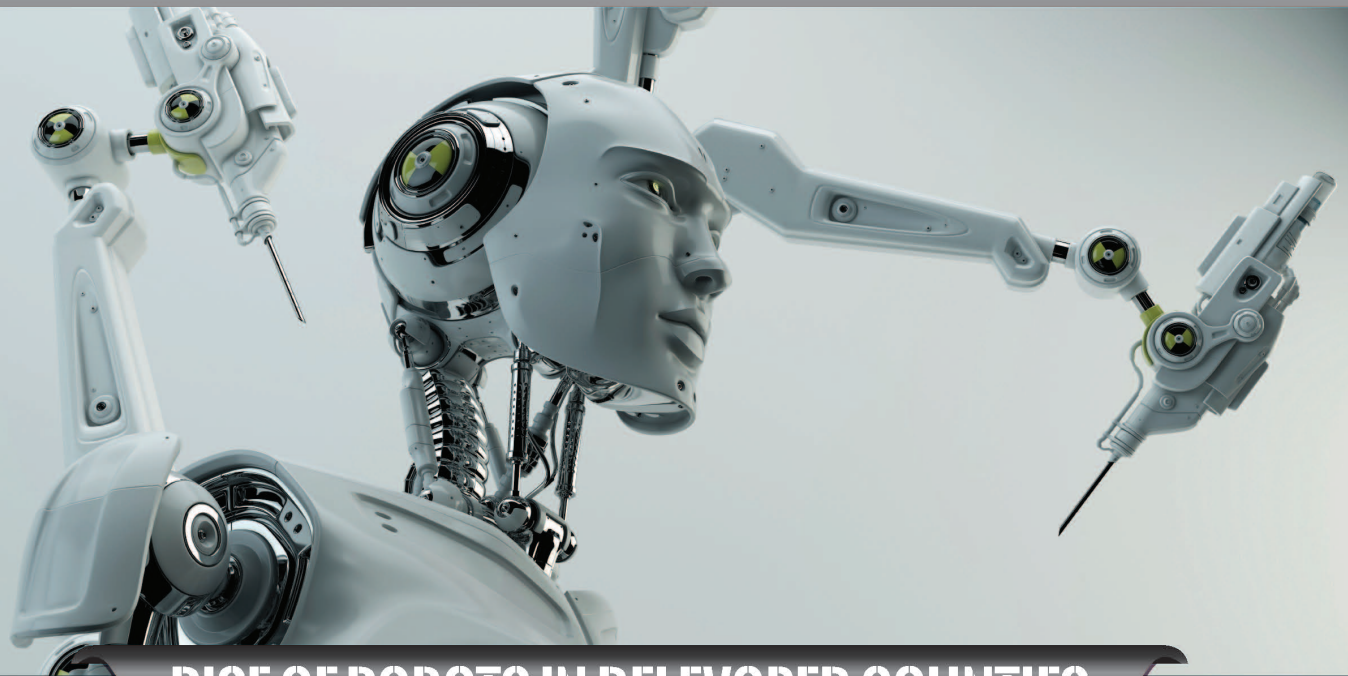

گاجر کا حلوہ، کبیر، چاکلیٹ اور بسکٹ وغیرہ میں۔

مجھے ایک مقام پر بہت دکھ اور تکلیف ہوتی ہے جب میں گرم ریت پر بھونی جاتی ہوں اور مجھے اس وقت بہت خوشی ہوتی ہے جب لوگ میری خوشبو سونگ کر مجھے خریدنے آتے ہیں۔ مجھے دکھ ایک بات پر اور ہوتا ہے جب بچے اپنے بڑوں کا کہنا نہیں مانتے اور مجھے کھانے کے بعد فوراً پانی پی لیتے ہیں جس کے بعد ان کو کھانسی ہو جاتی ہے۔ تو میری آپ سے گزارش ہے کہ مجھے کھانے کے بعد فوراً پانی نہ پیئیں۔

COMSATS INSTITUTE OF INFORMATION TECHNOLOGY, LAHORE

RISE OF ROBOTS IN DEVELOPED COUNTRIES

For the last 10 to 20 years, a wide variety of robotics technology, has been efficiently and effectively deployed and utilized across multiple industries such as manufacturing, healthcare, and farming in most of the developed nations - all of this was once considered "fiction", has been "non-fiction" for almost two decades.

Now, a new breed of robotics technology is on the rise across most of the developed nations. Consider a few examples of the "domestic tasks robots" such as; "robot butlers" that bring and offer you fresh and clean bath and face towels as well as food, and "robot vacuum cleaners" that start and stop automatically to clean your house, office, and/or apartments. According to some researchers, approximately 30,000,000 (thirty million) "domestic tasks robots" items/units could be sold to potential buyers (i.e. consumers) before 2020 - the market appears to be ready and ripe with the passage of time, robotics technology will for growth.

In some developed nations such as Japan; the development, deployment and utilization of robotics technology has been considered as "extremely essential from an overall economic growth and prosperity" perspective of the country - imagine an event for Robotic Olympic Games. Japan is actively pursuing its big dream of establishing itself and being regarded as the "Center of Excellence" for the robotics technology.

With the passage of time, robotics technology will hopefully become safe, reliable, customizable, and unbelievably sophisticated. And as a result, most of the developed nations are hoping that, the human perception and comfort of "working with robots" and/or "living with robots" will most likely change, hopefully constructively - indeed it is a very sensitive point consideration for the potential buyers (i.e. consumers.)

SAHAR SHAFIQUE

SCHOOL OF EXCELLENCE, SUKKUR.

SELFIE IS A CURSE

Before 2013 we were unaware of the term “Selfie”, but now everyone presents in the society from a kid to adolescent, women and man and mature to old are very well familiar with it. Be it a family dinner or a holiday you can spot youngsters clicking selfies and uploading them on social networking sites. And even now our women can live without husband but not without selfie. My professors once asked this question in the class whose face we look first when we get to see the group selfie. Each one of us knew the answer as the capital letter “I” and now selfies have arrived to make the letter “I” bold and underlined. This selfie syndrome if truth to be told is getting worse day by day people are getting more in love with themselves with, than all the time taking selfies and expecting admiration from the social circle. They call it a selfie but I call it narcissism. Narcissism is when people exceptionally admire their physical appearance, they end up being self-focused because they think it will get them ahead but in reality, it alienates them from everyone around. We actually live in a society where looking cool in pictures on social media has become more important than being a genuine person. The filters have destroyed the people. Edit a picture with vast number of photo editing software’s due to which people are becoming more likely in love with the fake outlooks. Many of the psychologist have termed this state as “dimorphic disorder”. A lot of serious cases have been emerging in the

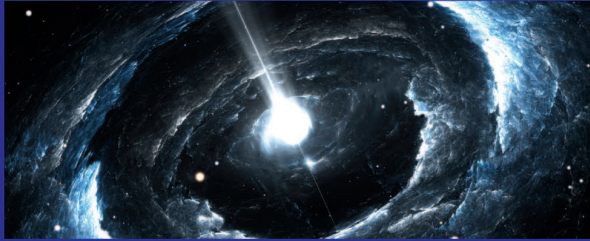

past few years in which the selfie doers got in real life danger situations, some even died taking selfies. In PAKISTAN 64 cases have been registered of the deaths caused due to selfie with the name of ‘Selfie suicide’. In 2015 a boy fell off from the mountain while capturing the selfie, the same year a man from Rawalpindi also died while taking a selfie. He was crushed by the train and the story was covered by the mainstream media channels. Let’s have a moment of concern for all these people dying for attention. Moreover, the misuses of selfies are increasing rapidly in the world when you take a group selfie and post it on any social networking site, there is 75% chance of its misuse. When someone downloads your picture, it is very easy for them to misuse it, edit in their style and post it anywhere they want without notifying you. In addition to that when you give several expressions during selfie like pout, Smiley and angry looks it shows you more like a predecessor of earlier age. And when you over and over again take selfies in that parallel pose then people might continually perceive you in the similar expression no matter what you look casually.

Therefore, I believe that in order to get rid of all these disastrous effects of selfies we should say no to it. Because beauty attract the eye but personality catches the heart. Humara Junayjo

البرٹ آئن اسٹائن کا نظریہ

یہ سوال سائنس دانوں کو تحقیقات پر مجبور کرتا رہا، ابتداء میں تو کوئی ایسا نکتہ سامنے نہ آیا جس سے ثابت ہو سکتا لیکن جستجو انسانی فطرت کا حصہ ہے اس جستجو کی وجہ سے سائنس دانوں نے اپنی تحقیقات کو آگے بڑھایا اور پھر اب حال ہی میں کامیابی کی کرن نظر آئی ہے۔

اگر مزید تحقیق اور ثبوت مہر تصدیق مثبت کردی تو سوئٹزرلینڈ میں سرن انسٹی ٹیوٹ کے حالیہ تحقیق دنیا میں تہلکہ مچا سکتی ہے۔ اس کے سائنس دانوں نے دعویٰ کیا ہے کہ ایٹمی ذرات مثلاً نیوٹرونس جنیوروشنی کی رفتار سے زیادہ تیز سفر کر سکتے ہیں۔

آپ نے اکثر ایسی فلمیں دیکھی ہوں گی جن میں انتہائی تیز رفتار جہاز اڑتے دکھائی دیتے ہیں یا پھر اڑن طشتریاں دکھائی جاتی ہیں جو کہ کسی اور سیارے سے آتی ہیں اور پلک جھپکتے میں غائب ہو جاتی ہیں۔

انسان نے اپنے شعور اور عقل کی وجہ سے آج بہت ترقی کر لی۔ مختلف شعبے میں تحقیقات کا سلسلہ جاری ہے۔ سائنس دانوں نے جب یہ جاننا چاہا کہ دنیا کی سب سے تیز رفتار چیز کیا ہے تو یہ بات سامنے آئی کہ روشنی کی رفتار سب سے زیادہ ہے۔ عرصہ دراز تک بات یہیں تک رہی کہ روشنی سب سے تیز رفتار چیز ہے۔ لیکن ساتھ ہی زیادہ تحقیقات کا سلسلہ بھی جاری رہا۔ سائنس دانوں نے یہ پتہ لگانے کی کوشش کی کہ روشنی سے بھی زیادہ تیز رفتار کوئی چیز ہو سکتی ہے؟

سچ ہے تو اس کا مطلب ہوگا کہ معلومات کو واپس وقت میں بھیجا جائے جبکہ اچھے یا بُرے نتائج نکل سکتے ہیں۔ یہ صحیح معنوں میں حیران کن تصور ہے۔

مندرجہ بالا سطور سائنسی معلومات کے حساب سے تحریر کی گئی ہیں انہیں سمجھنے کے لئے کچھ خصوصی توجہ کی ضرورت ہے۔ کچھ وضاحت ہم بھی کرتے چلیں کہ ماضی میں ایک سائنس دان البرٹ آئن اسٹائن نے ایک نظریہ پیش کیا تھا کہ کائنات کی سب سے تیز رفتار چیز روشنی ہے۔ اس بنیاد پر سائنس کے دیگر اصول بھی بنائے گئے ہیں۔ لیکن اب جبکہ یہ نظریہ پیش کیا جا رہا ہے کہ روشنی سے بھی زیادہ تیز نیوٹرنس ہے تو نہ صرف البرٹ آئن اسٹائن کا نظریہ غلط ثابت ہو جائے گا بلکہ جتنے بھی اصول اس نظریے کے مطابق بنائے گئے ہیں وہ سب بھی تبدیل کرنا ہوں گے۔ دراصل سائنس کا یہی اصول ہے۔ ابھی تو یہ نظریہ پیش کیا گیا ہے کہ روشنی سے زیادہ تیز رفتار نیوٹرنس میں اس حوالے سے کام ہو رہا ہے اور آنے والا وقت ثابت کرے گا کہ یہ نظریہ حتمی طور پر درست ثابت ہوتا ہے یا غلط؟ اس کے بعد ہی دیگر قاعدے اور قوانین تبدیل کرنے کا مرحلہ آئے گا۔

انسٹی ٹیوٹ کے پروفیسر ہاکس کا کہنا ہے۔ ”روشنی کی رفتار 186000 میل فی سیکنڈ ہے۔ اگر یہ دریافت صحیح نکلی تو البرٹ آئن اسٹائن خصوصی نظریہ اضافیت پر موجود طبیعت کی بنیاد ہے، نظر ثانی کرنا یقینی ہو جائے گا اور سائنس کائنات اور قدرت کی تشریح کس طرح کرتی ہے اس پر تبادلہ خیال جاری ہے۔“ اب تک آئن اسٹائن اور دوسرے سائنس دان جو اس کی حمایت کرتے ہیں ان کا کہنا ہے کہ روشنی کی رفتار سے زیادہ تیز چیز کوئی نہیں ہو سکتی۔ اب اس امر کا امکان وہ نظریہ ہے جس کی پیش گوئیوں کو جامع انداز میں پیش کیا جا چکا ہے۔ دوبارہ جائزہ لیا جاسکتا ہے۔ قطعی ثبوت اب بھی زیر التواء ہے لیکن مثبت فیصلہ انقلاب لاسکتا ہے۔

جائزہ لینے والے سائنس دانوں کا کہنا ہے کہ نتائج اخذ کرنے میں جلدی نہیں کی جائے۔ پروفیسر اسٹیفن ہاکنگ نے جو ذہین ترین ماہر طبیعیات میں شامل ہیں، احتیاط سے کام لینے کو کہا ہے کہ روشنی سے زیادہ تیز نیوٹرنس کے تیز رفتار ہونے کے دعویٰ کی صداقت پر تبصرہ کرنا قبل از وقت ہوگا۔ اس مرحلے پر ہر چیز طویل المدت ہے۔ اسے سمجھنے اور آزادانہ تصدیق کئے جانے کی ضرورت ہے لیکن اگر یہ

IMPORTANCE OF VALUES IN STUDENT'S LIFE

Principals or standards of behavior; one's judgement of what is important in life are known as values and they play a great role in student's life.

As Chales Darwin commented, "A man who dares to waste on hour of time has not discovered the value of life". There are several values which are important in a student's life, below are some with their importance:

Friendship: No one will fight you if you will be friendly.

- Truthfulness: Being truthful make people believe in you.
- Respect: Doing respect will greater your respect.
- Honesty: Being hones make people count on you & removes evil deeds of dishonesty from mind.

- Kindness: No harsh will be done with you if you will be kind with others.
- Peacefulness: Making peace with others lowers dispute.
- Happiness: Being happy and cheerful makes every body love you.
- Modesty: Being modest makes no one show off you.
- Carefulness: Being careful removes barriers between other people.

If a student carry out these values he will be respected and will be given great honour. The manners reflect a student's personality and background.

موبائل فون، کمپیوٹر اور سیٹلائٹ سے دور دور کی اہم ضرورت

شکار ہیں۔ یہ ایجادات آج کے دور میں فائدہ مند ثابت ہونے کے ساتھ ساتھ معاشرے میں اور دنیا میں حائل عظیم کا ذریعہ ہستی جاری ہیں۔ سیٹلائٹ ایک ایسا آلہ ہے جو پیغام پہنچانے میں مدد کرتا ہے۔ اس کا تعلق موبائل اور کمپیوٹر سے بھی ہے۔ اس کے بغیر ہم معلومات حاصل نہیں کر سکتے۔ ان ایجادات سے ہماری کوئی چیز راز نہیں رہتی اسی لیے آج کل کے زمانے میں ایک دوسرے پر آسانی سے حملہ کیا جا سکتا ہے اور کسی کو کچھ معلوم نہیں ہوتا کہ کون کس وقت اور ملک یا شہر کے کس جگہ پر حملہ کرے۔ سیٹلائٹ کی بدولت ہم ہر ملک کا چھوٹے سے چھوٹا کونہ دیکھ سکتے ہیں۔

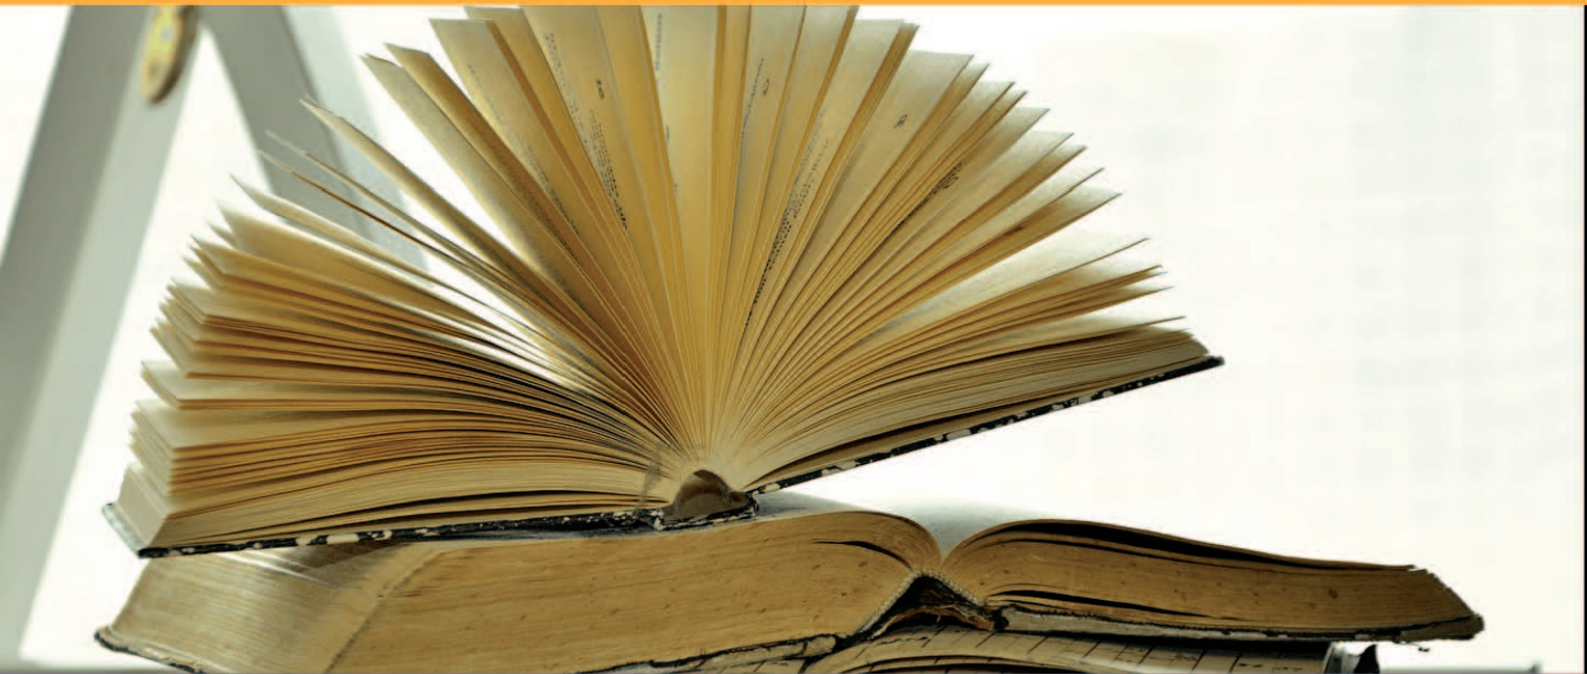

ہمیں چاہیے کہ ہم اس کا بے دریغ استعمال نہ کریں اور مہارت رومی اختیار کریں۔ ہمیں ان چیزوں میں لگ کر اپنا وقت ضائع نہیں کرنا چاہیے کیونکہ اس سے ہمارے رشتہ داروں اور عزیز و اقارب میں میل جول ختم ہوتا جا رہا ہے۔ ان سے بچے پڑھائی سے دور ہوتے جا رہے ہیں۔ عموماً لوگ رشتہ داروں کے ساتھ بیٹھ کر باتیں کرنے کے بجائے موبائل فون میں مصروف ہو جاتے ہیں۔ ہمیں چاہیے کہ ہم ان چیزوں کا کم سے کم استعمال کریں اور اپنے رشتہ داروں اور دوسرے لوگوں کو زیادہ وقت دیں۔

سائنس نے ہر دور میں ترقی کی ہے۔ سائنس تحقیق اور جستجو کا نام ہے اور سائنسی آلات سائنس کا کرشمہ ہیں۔ ان ایجادات میں ٹیلی ویژن، موبائل فون، کمپیوٹر اور بے شمار چیزیں شامل ہیں۔ ان تمام چیزوں کے بغیر اگر ہمیں زندگی گزارنی پڑے تو آج کے دور میں یہ ایک ناممکن سی بات لگتی ہے اور اس کے بغیر زندگی کچھ لوگوں کے لیے بے مقصد اور بے معنی ہے۔ لیکن ان تمام چیزوں کے ناجائز اور بے جا استعمال سے ہمیں اور ہمارے معاشرے کو بہت سی مشکلات درپیش ہیں۔

ان ایجادات میں موبائل فون، کمپیوٹر اور سیٹلائٹ موجودہ دور کی اہم ضرورت بن چکے ہیں۔ یہ ایجادات ہمارے لئے بہت فائدہ مند معلوم ہوتی ہیں۔ یہ چیزیں معلومات میں اضافہ کرنے میں مدد کرتی ہیں اور یہ رابطے کا ذریعہ بھی ہیں۔ ہم دنیا کے کسی کونے میں کیوں نہ ہوں لیکن ہم اپنے رشتہ دار، عزیز و اقارب، دوستوں وغیرہ سے رابطہ کر سکتے ہیں۔ یہ باخبر رہنے کا ذریعہ بھی ہے اور تفریح کا ذریعہ بھی ہے۔ لیکن اس کے استعمال سے بہت سارے فوائد حاصل ہونے کے باوجود اس میں بہت سی حذرانیاں بھی ہیں۔ مثلاً اس کے استعمال سے حیرانم میں اضافہ ہوتا چلا جا رہا ہے۔ ہم تمدن بھولتے چلے جا رہے ہیں۔ نوجوان لوگ اخلاقی بے راہروی کا

THE INFLUENCE OF BOOKS

Robert Southey, the famous English poet wrote for books "My never-failing friends are they with whom I converse day by day"

Books are indeed the friends of the friendless. Joy to the joyless, and help to the helpless, with a book, a sick man can forget for a while his sufferings; and a lonely person can enjoy the company of books as his / her friend. Books are the best friends. They give you additional pleasure in your happiness and relive you suffering in your unhappiness.

Books are like treasure houses. To open a book is to open the doors of treasure houses. A person who has a library of books is a really wealthy person. Reading of good books has a very powerful influence on a man or a

woman's entire personality.

There are many instances in history where the reading of a single book has changed the whole course of life of an individual. A person read a certain book, was affected deeply by the thoughts of the writer, and he decided to change his entire mode of life. Sometimes such a person becomes world famous. He / She might become a great writer him / herself, a famous political figure, a social reformer or even a saint.

All these things are possible and have happened again and again and all due to the influence of the books.

ARMY PUBLIC SCHOOL. COD, KARACHI.

Education

Milton proudly states; "Mankind's most valuable treasure is carefully preserved in the golden casket of intellect and knowledge"

• Knowledge and intelligence are the most important ingredients of the recipe called "education".

Education is something, that is really important for our lives. It comes in handy in every situation of life. Education is necessary for both man and woman, it is a required jewel of life. Education is a vast source of knowledge, inspiration and guidance, and whoever understand it are able to yield the rich harvest of fruitful ideas. The kingdom of knowledge is as vast as the universe, because there is no knowledge that is useless and there is no corner left unexplored. Educationalists are the makers of civilization and revolutions. Although you have to work hard to get fine education, but the results are always pleasing as "The roots of education are bitter, but the fruits are always sweet".

"Education is the key to the golden door of freedom"

Education alone can become the reason for a change in the society. The person education person can look for back into the past and forward into future and they are able to form conjectures about social and political condition to which the world is progressing. An educated mind is filled with intellect.

"Get knowledge even if you have to go to China"

There is a world of difference between an educated and an uneducated person. An uneducated person may indeed be compared to a blind man. The blind man has a very imperfect idea of the world in which he live, as compared with those who have the use of their eyes.

"Education is the movement from darkness to light"

An uneducated person will see stars as luminous specks, from which some shines brighter and some shiners dimmer, where as an educated person would be able to distinguish the difference between stars and planets and would be able to explain the logic behind it.

The educated person would be able to map out the sea and mountains of moons and near planets, he can tell the elements of which stars are composed of, in short education opens the eyes of mind to wonders undreamt by the uneducated man, and will help a person reach high goals and make him strong, as Allama Iqbal states:

"Make yourself so strong and fit, that before writing your destiny, Allah himself asks you, Tell me, What is your opinion on this?"

ADVANTAGES OF ONLINE EDUCATION

As the topic indicates online education is the need of the hour. We are living in the age of science and technology where online facilities are being provided in almost every field and eventually education is no exception to it. Rather with the passage of time online education is gaining momentum all over the world because it has many advantages.

The first and the foremost advantage of online education is that it saves time. Students save the time it takes getting to campus and the classroom. Moreover, online lectures tend to be far more concise than face-to-face teaching. Students can view and review the material quickly and easily at their own pace and convenience. That's good because for many students, the standard 50-minute class period is far from ideal.

Secondly online courses enhance individualized teaching and the development of new technologies.

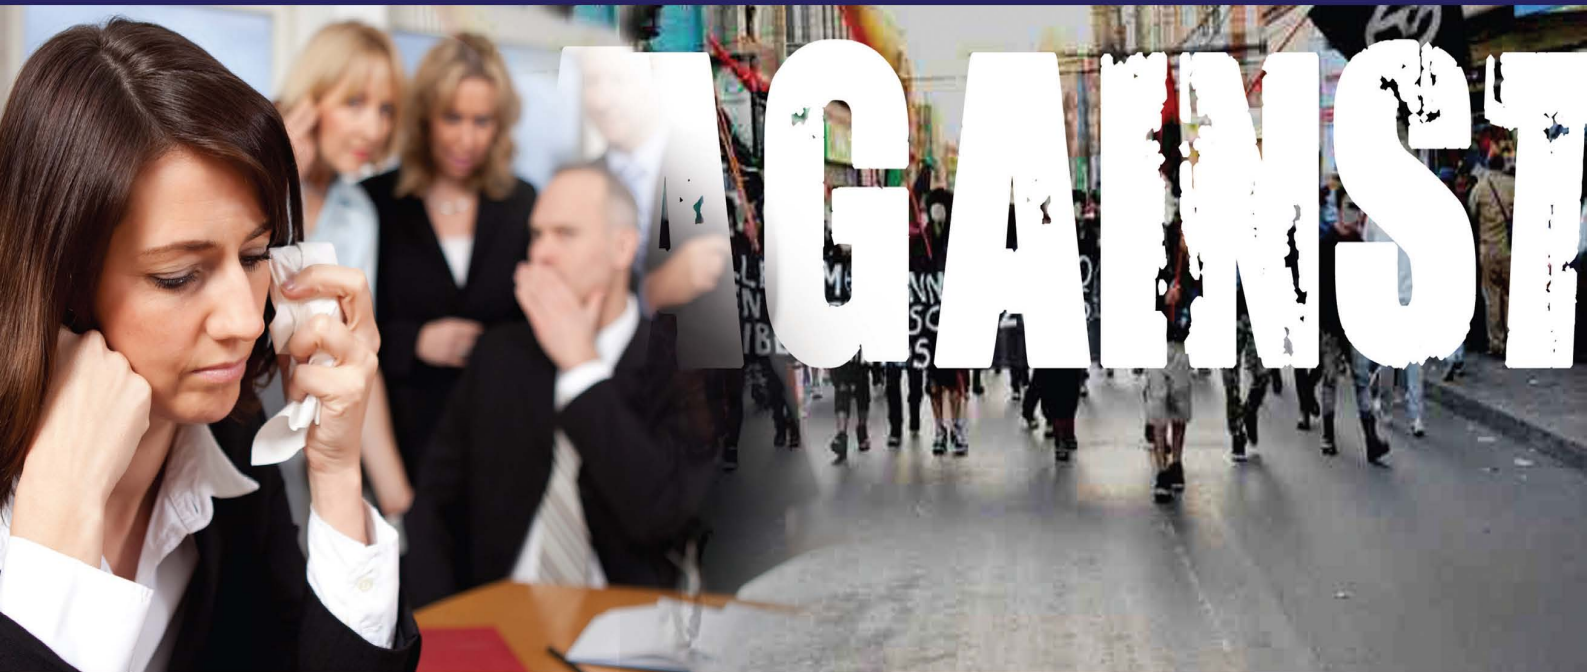

The online space is better both for asking questions and

for interacting with professors and other students. Students from all over the world can ask questions online which may enhance their knowledge.

Besides that, online education gives students an abundance of choices and the competition to attract eager students guarantees that the courses are prepared with great care. One of the best advantages of online education is its ability to provide the students a flexible learning environment from any location. However, online education is not a rose without thorns. It has some disadvantages too. Hence to conclude we may say that online education may prove beneficial to us at the graduate, post graduate or professional level, but at the primary, secondary or higher secondary level, it may prove disasters....

Let us hope and strive for the best.....

BULLYING (AGAINST)

Bullying is definitely not a good thing. We should avoid making fun of others. Bullying means teasing everyone and making fun. Bullying is a very bad habit which cause a lot of troubles and problems for others as well as for our ownself. It is said that "A slip of teg is bearable but a slip of tongue is never bearable".

As hard words always stay but wounds can heal. Bullying develops the bad character and non-beneficial person for the society.

Bullying spoils the personality and stops us helping others and feel the pains & sorrows of others. A person involves in Bullying becomes feeling less and careless about his / her relatives and friends and enjoy the sorrows

of others. We should avoid Bullying in our daily life to become a good person. We should stop Bullying and spread love everywhere.

DIY Light Bulb

HOMEMADE LIGHT BULB

I Shah jahan and my sister Aqsa performed an experiment related to a light bulb. We knew that if positive and negative terminals are connected, they will cause short circuit, we used same theory, but we used Graphite (as a resistor) to connect both terminals and fired a candle inside jar to remove oxygen in the jar. So, DC current (battery) was flowing on a less amount through graphite lead, therefore it was not blasting but only giving Light.

DIY Light Bulb with Pencil Lead

ROLE OF TEACHER

In the life of a child, parents play an important role but, a teacher plays compulsory role in polishing a child. A child is always in a need of a teacher. A teacher is a necessity of good society. A teacher plays an important role in developing a good nations. It will not be wrong to say that behind every great nation there is vital role of teachers of that nation. Good nations always respect their teachers and thus establish a great nation on the history of mankind. Good teachers build up a good character of their students in a establishing society.

In the life of students, influence of teacher matters a lot. Children spend an energetic time with teachers in schools. A teacher is responsible to deliver his knowledge to his students. In advanced countries like Germany, Italy, Britain etc. teachers are very respectful person of their society. In every field of life, role of a teacher cannot be ignored. Teacher plays an important role from studying filed to practical life. After parents teacher plays needed role in the life of children. Thus, in every society teacher's role cannot be overlooked for the betterment of society.

“FIRST WATER BASED NUCLEAR BATTERY”

From cell phones to cars and flashlights, batteries play an important role in everyday life. Scientists are constantly seeking ways to improve battery life and its efficiency. Now, for the first time using a water-based solution, researchers at the University of Missouri have created a long lasting and more efficient nuclear battery that could be used for many applications such as a reliable energy source in auto-mobiles and also in complicated applications such as space flight.

“Microdots can clean up polluted water”

Researchers at the University of Missouri have created a long lasting and more efficient nuclear battery that could be used for many applications such as a reliable energy source in automobiles, emergency devices, and perhaps even space flight.

AYESHA MANNAN KHANNANI
THE CITY SCHOOL, HYDERABAD

BEING ALONE

WITH A THOUSAND OF FRIENDS

In this century we have loads and loads of people surrounding us, being with us, virtually or physically. It is very bare that we find a person being alone, here I mean not physically but involved with a cell phone, laptop, I pad etc. Apparently, best things in life are free.

Many people surround us, when we are sad; they try to cheer us up. Some are curious and some are simply obsessed. But have we ever tried to seek into ones' heart and understand that we are actually alone with thousands of friends. As Albert Schweitzer says, "We are all so much together, but we all are dying of loneliness." So, can You sight the biggest typhoon of the social platform? Oh Yes! You are right it is The Facebook! It is regarded as the greatest thing since sliced bread!

This site is not as old as we think but it holds the charisma for our young generation. This can be an invention of Mark Zuckerberg who could have been claimed a millionaire for. Not thousands, not millions, not billions but trillions of people hold the Facebook craze! Here a person has apparently all the pleasures, friends and fun updated on his wall. With hundreds of people commenting, liking and posting.

In my perception, Facebook acts as a way of exposure to people who are not that bold in their practical lives. They screech all their desperations, obsessions through this media with an excuse of 'Freedom of Expression!' Moreover, we see that with the people on Facebook, we are showing our 'die-hard love', we

even do not call them up when we are facing a milieu. Discussing problems with an 'honest' friend is equivalent to see it next day on the Confession page.

Our life no-more has been just a burning issue of a circle. We have to whistle first and then step up. This vast diversity between real and virtual life is proved here. A person having 450 friends but not even a single one arrives in his rainy days. In fact, I must add my example here, I nearly have 500 friends on facebook but whenever the door of my room is shut, I say not a word I only hear the knock of my family arriving. This proves that though I have hundreds of friends but I am still alone.

This dubious clash between real and virtual life could lead to many impediments. A person may turn out to be a dupe of either superiority or inferiority complex. Through a survey it has been verified that 85% of the family crumbles and suicides take place due to facebook. Exposure is acceptable but a thing becomes perilous when it surpasses its' limit. Imagine a teenager exploiting his brain by using facebook round the clock. What else do you anticipate from him/her? And when their requirements, wishes, desire or I must say lusts that they hanker after are not pleased they take up the path of ending up their lives.

Therefore, I recommend limiting facebook till fun and try to sieve the real charms in life rather than finding non-sense virtually.

HABIBA NADEEM

THE EDUCATOR, KARACHI

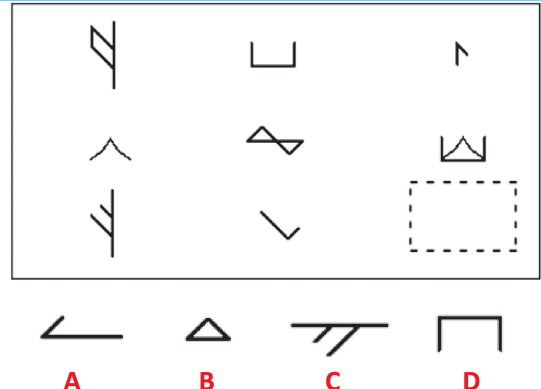

facebook & YOUTH

However, the situation today is much different many youngsters today spend most of their free time on the social network. We realized that this social network affects both positively and negatively to our daily life. The positive effects facebook has on them, supports the nation of facebook aiding a successful & happy social life. The articles discusses the benefits of facebook & idea that facebook generators & maintains social capital the ability to draw on resources from other members of the networks to which they belong. Although students may be physically disconnected from a social network (such as their

friends at home), they can keep in contact with them via facebook and sustain a bond. In addition the project revealed that the intensity of facebook use had a positive association with psychological well-being of student as well as the ability to network for educational benefits such as job & internship opportunities. The students more time on the internet on sites such as facebook than on studying. The negative view of facebook is becoming common people in the minds of many presents & educators as can be reflected further in another technology.

**Trying to be the victor in every fight,
Working so hard day and night,**

**You are the country's true star
What a brave soldier you are!**

کشمیر

ہے اک سوال دل میں کیسے کروں بیاں
کہ کیا کرے گی آخر دشمن کی تیغ و کماں
اک وادی کشمیر واقعہ ہے رونے زمین پر
ہے جس جگہ پر بزدل بھدات کا ظلم رواں
شہادت کو شوق دل میں رکھتا ہے ہر جوان
کوئی نہ کر سکتا انھیں راہِ حق سے بدگماں
کرتے ہیں جب بھی بات وہ اپنے حقوق کی
برستے ہیں ان پر ہر طرف سے تیسرے، الاماں
بلند ہیں حوصلے ان کے، بلند ان کے عزائم
رکھے خیال وطن کا اور دے دیں اپنی جان
پاکستان کے چمن کا ہے یہ ایسا گلاب
جس کی خوشبو سے مہک رہا ہے یہ گلستان
ہر وقت، ہر جگہ، ان کے لب پہ ہے یہ صدا
کشمیر بنے گا پاکستان، کشمیر بنے گا پاکستان

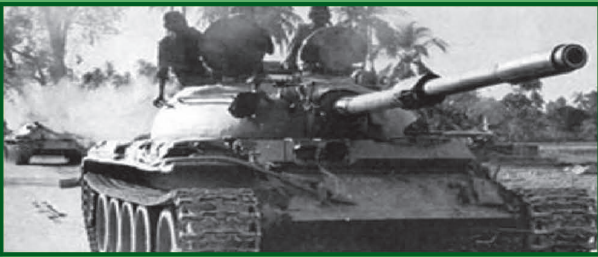

آزادی کی لڑائی

مسلمانوں پر اللہ تعالیٰ نے اپنا خاص رحم و کرم رکھا ہے۔ تاریخ اس بات کی گواہ ہے کہ جب مسلمان اپنے دین و اسلام کو بچانے کے لئے میدان میں اترے ہیں انہیں فتح نصیب ہوئی ہے۔ چاہے دشمنوں کی تعداد کتنی ہی کیوں نہ ہو اگر ان مٹھی بھر مسلمانوں کا ایمان پختہ ہے تو وہ پوری دنیا پر بھاری پڑ سکتے ہیں۔ مگر جب کسی مسلمان قوم نے فتر آن پاک کو چھوڑ دیا تو انہیں ہر طرف سے شکست ہوئی اور جس ملک کے وہ حکمران تھے اسی ملک میں غلاموں سے بدتر زندگی گزارنے لگے۔ اور یہی قدرت کا اصول ہے کہ وہ سب کو اپنی غلطی سدھارنے کا موقع دیتی ہے اور نہ سدھرنے پر اپنا عذاب نازل کرتی ہے۔

دی ہے ہم نے فتر آن پاک کو چھوڑ دیا ہے اور ہم معسر بنی ممالک کی طرح بننے کی کوشش کر رہے ہیں۔ ہمارے دشمن اس بات سے ناواقف نہیں کہ ہمیں ہرانا بہت مشکل ہے کیونکہ ایسے دشمن کا کوئی علاج نہیں کہ جسے موت سے ڈر نہ لگتا ہو۔ اسی لیے وہ ہمیں مختلف ہتھکنڈے استعمال کر کے اللہ تعالیٰ سے دور کرنا چاہتے ہیں ہمیں چاہیے کہ ان کی سازشوں کو بے کار بنا دیں اور واپس اللہ تعالیٰ کی طرف راغب ہو جائیں۔

ہم نے بھی پاکستان بہت سی فترانیوں کے بعد حاصل کیا ہے ہمارے بزرگوں نے اس خطہ زمین کو حاصل کرنے کے لئے بہت سی پریشانیوں اور تکالیف کا سامنا کیا ہے۔ ہندوؤں اور سکھوں نے مسلمانوں کے خون سے ہولی کھیل کر اپنے دل کو تسکین پہنچائی معصوم بچوں کو تیروں پر اچھلا گیا۔ لاکھوں عورتوں کی عصمتیں لوٹیں گئیں۔ پورے پورے خاندان مار ڈالے گئے اور پھر ان کے جسموں پر تلوار بازی کی مشق کی گئی۔ یہ دردناک منظر دیکھ کر شاہد فلک بھی خون کے آنسو رویا ہوگا۔ اب ہم ایک آزاد ملک میں سلس لے رہے ہیں۔ مگر ہمیں آزادی کی وتدرو قیمت کا احساس نہیں۔ ہمیں اپنے آباؤ اجداد کی تکلیفیں یاد نہیں۔ ہم نے اللہ تعالیٰ کے احکام کی پیروی چھوڑی

IFRAH SHABBIR

BEACONHOUSE SCHOOL SYSTEM BRANCH - GULSHAN MIDDLE-1, KARACHI.

THE HOLY QURAN

The Quran is the words of Allah. The word 'qura' means to read or to recite. It was revealed upon Prophet Muhammad (PBUH) through angel Jibreel in a period of 23 years. Allah started sending down the verses of the Quran to Prophet Muhammad (PBUH) when he was 40 and married to Khadija.

During this period Prophet Muhammad (PBUH) used to spend his days and nights alone in the cave of Hira. Once when he was alone in there, Angel Jibreel came to him with a verse for the first time. It was in the still hours of a Ramadan night-laylat-ul-qadr. The prophet continued receiving words of the Quran for the rest of the 23 years of his life after this incident. Some verses were revealed in Makkah and some in Madinah.

The first ever revelation was Surah Alaq. It is the 96th surah of the Quran. The Quran has a total of

114 surah. The biggest surah is surah Al- Baqarah and the smallest is surah Kauser.

The first surah in the Quran is surah al- fatiha and the last one is surah al-nas. There are 540 rakhoo. The language used in the Quran is Arabic. Nowadays it can be found translated in many different languages. The language is also very simple, clear and easy to understand.

The Quran contains a message for all of mankind. It is the last holy book to have been revealed. It is a book that leads man out of the darkness of evil and into the light of truth. It tells you what is right and what is wrong and has the solution to every problem. It guides you to the right path bringing you goodness in this world as well as the hereafter. We shall therefore read the holy Quran and try our best to understand what it is telling us. Reading the Quran should be a daily part of our life.

والدین کے 14 حقوق

زندگی میں 7 حقوق:

1. دل و جان سے ان کی عزت و احترام کرنا (اگرچہ وہ کافر ہوں)
2. حسن سلوک اور محبت و الفت کا معاملہ کرنا
3. شریعت کے دائرے میں رہتے ہوئے ان کی اطاعت کرنا
4. ان کے احسانات اور کادوشوں کی قدر دانی کرنا
5. ان کی حاجات و ضروریات پوری کر کے انہیں راحت پہنچانا
6. ان کی شادابی اور لمبی عمر کے لئے دعا کرنا
7. کثرت سے ان کی زیارت کرنا

انتقال کے بعد 7 حقوق:

1. ان کے لئے دعائے مغفرت کرنا (بشرطیکہ والدین مسلمان ہوں)
2. ایصالِ ثواب کرنا (بشرطیکہ والدین مسلمان ہوں)
3. ان پر کسی کا قرض ہو تو ادا کرنا
4. ان کی وصیت پوری کرنا
5. ان کے رشتہ داروں اور دوست احباب کا احترام کرنا
6. ان کے اعزہ، اقارب اور دوستوں کی معاونت کرنا
7. وقتاً فوقتاً ان کی قبر کی زیارت کرنا۔

والدین کے نام ایک خاص پیغام

توجہ فرمائیں

- جس بچے کا مذاق اڑایا جاتا ہے، وہ بزدل بن جاتا ہے۔
- جس بچے کو مار پیٹ کا سامنا ہوتا ہے، اس کی صلاحیتیں دب جاتی ہیں۔
- جس بچے پر اعتبار نہیں کیا جاتا، وہ دھوکا دینا سیکھتا ہے۔
- جس بچے پر تنقید کی جاتی ہے، وہ کوشش کرنا چھوڑ دیتا ہے۔
- جس بچے کی تعریف نہیں کی جاتی وہ اچھی چیزوں کو پسند نہیں کرتا۔

EMAN-E-KHADIJA

ST. BONAVENTURE'S HIGH SCHOOL, HYDERABAD

YOUTH OF PAKISTAN

Sitting in front of televisions,
Chatting on cell phones all day long,
Cheating others and disobeying the rules,
And thinking that it is not wrong,
What has happened to you?
The youth of Quaid,
The eagles of Iqbal,
You were given the task of maintaining peace,
Demolishing bribery and diminishing grieves,
You were expected to stay united and make all the wars
cease,
You were given the task of being disciplined,
You were given the task of working hard,
You were given the task of helping others,
You were given the task of sharing smiles,
So wake up now and determined to stay united,
Work for Pakistan to make this homeland a land of peace,
A land where beauty grows,
A land where everybody lives with ease,
Just stand up and decide to make this homeland,
As Iqbal dreamt and as Quaid wanted,
Stand up and decide to show the world that,
You are the YOUTH OF "PAKISTAN"

دوستی

ملنا کسی کا حق سے، کسی کا عرض سے چلتا ہے رشتہ دوستی کا بے عرضی کے ساتھ دیکھنا ہے بھرم گر انسانیت کا لاریب چلتی ہے دوستی زیست و موت کے ساتھ

ہوتی ہے دوستی وقت کی طرح گزرتی ہے ساتھ لمحوں کی طرح دوست تو ہوتے ہیں غیروں کی طرح کچھ لمحوں میں بن جاتے ہیں اپنوں کی طرح ہنستے ہیں ساتھ روتے ہیں ساتھ گرتے ہیں ساتھ سنبھلتے ہیں ساتھ دوست تو ہوتا ہے آئینہ روتا ہے ساتھ، ہنستا ہے ساتھ تعلق ہزار دنیا کی بھیر میں دیکھنا ہے یہ، کون مسکراتا ہے ساتھ

مہاشاہد

فِزَل (دوست)

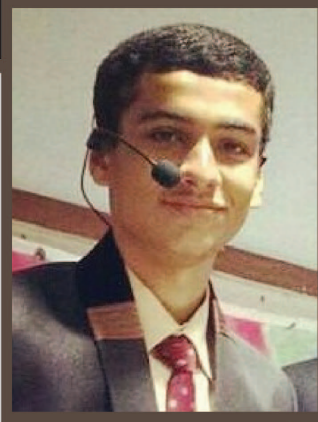

سنو گزر گیا جو، یہ سوال کھتی ہوں
اس میں جو ہو، وہ سب احوال کھتی ہوں
میرا دن شروع ہوا تمہارے خیال سے
تمہاری یاد نے جو کیا وہ حال کھتی ہوں
کئی رنجشیں دکھیں بہت بندھیں دکھیں
اپنی بے نام اداسیاں لازوال کھتی ہوں
سجھ نہ آکا اکثر طرز عمل تمہارا
تمہاری جواہروں سے ابھرتی ہزاروں سوال کھتی ہوں
میں کھتی ہوں کہ اس سال میرے موسم نہ بدلیں
تمہارا دیا جو وقت میرا اے بے کمال کھتی ہوں
لب پہ آیا تمہارا نام جو اٹھے ہاتھ دعا میں
مانگی میں نے جو دعائیں وہ بے مثال کھتی ہوں
جو گزر گیا وہ بھول حباؤ بس میری دعاؤں کا اڑ دیکھو
آنے والے ہر وقت کر تمہارے میں خوشحال کھتی ہوں
کہہ کر یہ سارے احوال آمنہ
میں شکر رب ذوالجلال کھتی ہوں

دہاں نہ ہوں کھتے ہیں
نہ ہی موسم بدلتے ہیں
دہاں کچھ نہیں ہوتا
دوست جہاں ہے تم نہیں ہوتے
جہاں ویسے تو ہر سوگات آسانی سے ملتی ہے،
پہ میرا دل نہیں گتا
دوست جہاں ہے تم نہیں ہوتے
جہاں تو لوگ صدیوں کو بھی لوگوں میں بدلتے ہیں
پہ آہاں میں صحت پاتا ہے وہ دن صدیوں پیسے
دوست جہاں ہے تم نہیں ہوتے
سب رونے کا وہ پوچھے تو کہیں اتنا کہہ دیا،
مجھے سہا نہیں آتا
دوست جہاں ہے تم نہیں ہوتے

DJ GOVT. SCIENCE COLLEGE, KARACHI

TREAT US RIGHT

The world is so beautiful and it has great sights
But people are violent and usurp the rights

Tears are shedding and Children just cry
Their needs are not fulfilled, how can they fly

We are little children, we are afraid
of these feuds

These fire, bomb blasts and brutality,
have made us confused

World disgraces us and takes us as zero
But they don't know, inside us there is a hero

We cannot bear atrocity borne by APS students
We don't have the heart to feel the pain like
GAZA's children

Now I have a slogan, for this
I will stand and fight

To make the bright future of children
TREAT US RIGHT.....

RAMISHA WAHEED

THE CITY SCHOOL, ISLAMABAD.

A TRUE FRIEND

A True Friend Is Who Never Makes You Shy

A True Friend Is Who Never Makes You Cry

A True Friend Is The One Who Always Shares

*A True Friend Is The One Who Is Happy No
Matter What You Wear.*

A True Friend Is He Who Is Your Star In The Dark

*A True Friend Is He Who Wouldn't Break
Friendship Apart.*

A True Friend Is He Who Is Precious Indeed

*A True Friend Is He Who Comes To Help When
You're In Need.*

A True Friend May Be As Happy As A Lark

A True Friend Could Even Be A Shark!

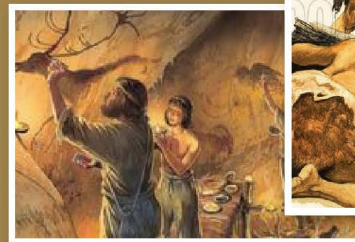

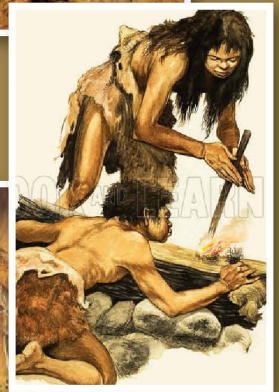

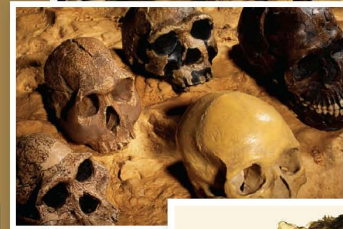

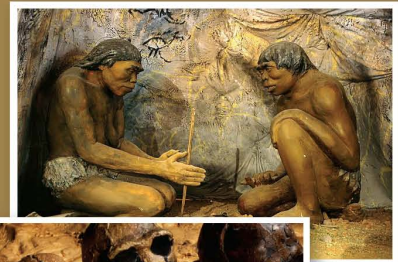

WE ARE
ONLY
HUMAN

ONLY HUMAN

Don't despair
For I am both good and bad
Right and wrong
Love and hate
For I am only human
Capable of everything
Yet capable of nothing
This is who I am
This is how I am made
I crave for success
Yet at times get failure
I make mistakes
Yet I am on the right path

For I am only human
Capable of greatness, fame and fortune
But also capable of failure, disdain and distress
I can be wise
But I can also be in vain
I can reach the stars
But at times I am afraid to leave the ground
I am a collection
Of all fifty shades of grey
I will always try my level best
To reach my dreams
For I am only human
Yes, I am only human

ماں کیا ہے؟

سمندر نے کہا
ماں ایک ایسی ہستی ہے جو اولاد کے سارے غم، راز چھپا لیتی
ہے۔

دُعا نے کہا
ماں وہ شخصیت ہے جو ہر حال میں اولاد کی خوشحالی چاہتی
ہے۔

بادل نے کہا
ماں دھنک کی طرح ہے جس میں خوبصورتی کے رنگ نمایاں
ہیں۔

جنت نے کہا
ماں ایک ایسی ہستی ہے جس کے قدموں تلے جنت ہے۔

اللہ نے فرمایا
ماں میری طرف سے قیمتی اور نایاب تحفہ ہے۔

سنہرے موتی

- ★ ماں اور پھولوں میں کوئی فرق نہیں۔
- ★ زندگی کا بہترین سرمایہ کتاب ہے۔
- ★ زبان اگر چتواری نہیں مگر گوار سے کہیں زیادہ تیز ہے۔
- ★ بھروسہ ایک ایسا پھول ہے جو خشک ہو گئے ہی مر جاتا ہے۔
- ★ انسان کا علم اس کے قلم میں پوشیدہ ہے۔
- ★ زبان کی چوٹ ہاتھ کی چوٹ سے زیادہ طاقتور ہے۔
- ★ اعتماد وہ شیشہ ہے، جو ایک بار ٹوٹ جائے تو جڑتا نہیں۔
- ★ اس دن پر آنسو بہاؤ جو تم نے بغیر نیکی کے گزرا دیا۔
- ★ آسمان کا آخری اور بہترین تحفہ ماں ہے۔
- ★ سخت سے سخت دل کو ماں کی پرہیزگاریوں سے موم کیا جاسکتا ہے۔
- ★ ماں تو ایک آہ ہے جو سیدھا عرش پر جاتی ہے۔
- ★ اعتماد روح کی طرح ہے جو ایک بار چلا جائے تو لوٹ کر نہیں آتا۔
- ★ زندگی ایک ہیرا ہے جسے تراشا انسان کا اپنا کام ہے۔
- ★ موت زندگی کی محافظ ہے اور زندگی موت کا عمل ہے۔
- ★ ہمیشہ بادلوں کی طرح رہو جو صرف پھولوں پر ہی نہیں بلکہ کانٹوں پر بھی برستے ہیں۔
- ★ پانٹنے سے خوشی اس طرح بڑھتی ہے جس طرح زمین میں بویا ہوا بیج۔
- ★ کسی کا دل مت دکھاؤ کیونکہ اس کے آنسو تمہارے لیے سزا بن سکتے ہیں۔
- ★ موتی اگر کچھڑ میں گر جائے تب بھی اس کی قیمت نہیں گرتی۔
- ★ آنکھ پوری دنیا کو دیکھتی ہے مگر جب آنکھ میں کچھ چلا جائے تو اسے نہیں دیکھ پاتی۔
- ★ دنیا تم کو تمہارے دکھاوے سے جانتی ہے مگر اللہ تم کو نیت سے جانتا ہے۔
- ★ ستارے آسمان کی اور تعلیم یافتہ انسان زمین کی زینت ہے۔
- ★ سوال کرو بے وقوف کی طرح لیکن سمجھو عقلمند کی طرح۔
- ★ دنیا داری کی دوستی معمولی باتوں پر ختم ہو جاتی ہے۔
- ★ اگر کوئی تمہارا دل دکھائے تو اُداس نہ ہو کیونکہ قدرت کا قانون ہے کہ پھر اسی درخت کو مارے جاتے ہیں جس کا پھل زیادہ ٹھنسا ہوتا ہے۔
- ★ زبان میں کوئی ہڈی نہیں مگر پھر بھی یہ ہڈیاں تروادیتی ہے۔

قدرت کے رنگ

خوب بہتے ہوئے دریا بنائے
عجیب و غریب خصلت والی
مخلوق بنائی ساری کی ساری
قدرت کے ہیں رنگ چار سو
دیکھوں اور میں تعریف کروں
میں چھوٹا ایک بچہ ہوں
تعریف کروں میں کیا تیری
تو ہے سارے جگ کا خالق
میں ادنیٰ ہی مخلوق تیری

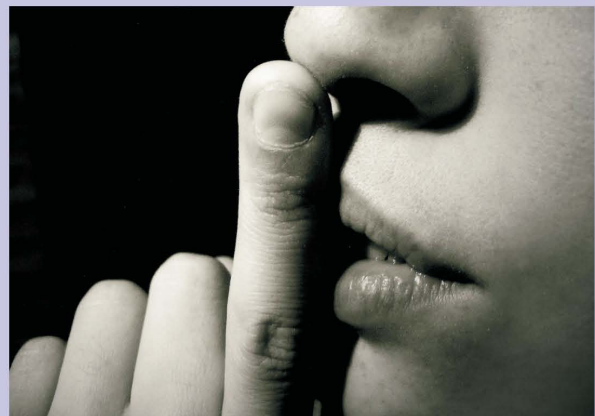

میں چھوٹا ایک بچہ ہوں
تعریف کروں میں کیا تیری
تو ہے سارے جگ کا خالق
میں ادنیٰ ہی مخلوق تیری
تو نے کیا یہ دنیا بنائی!
ہر چیز سے ظاہر ہے تیری خدائی!
یہ نیلا نیلا ہے آسماں
سارے جہاں پہ چھایا ہوا
اونچے اونچے پہاڑ بنائے

IMPORTANCE OF SILENCE IN LIFE

Silence! A word that takes away all the sound, all the rush and craziness from our life. It leaves us standing in the middle of nowhere. We are released from the noises of this world and we witness every bit of beauty or ugliness, that brings peace to our wrecking life that is already at war with hardships. Silence, is a life saver, when we are sinking down in the sea of worries. We get caught up with heaven's speaking, when the rage inside us subsides with that white wave of silence.

Passion chokes inside us and we realize our mistakes, sins we committed, deeds we possess and route of that path we are on. We go back contemplating at the rush of our lives and every time we do, we get one step

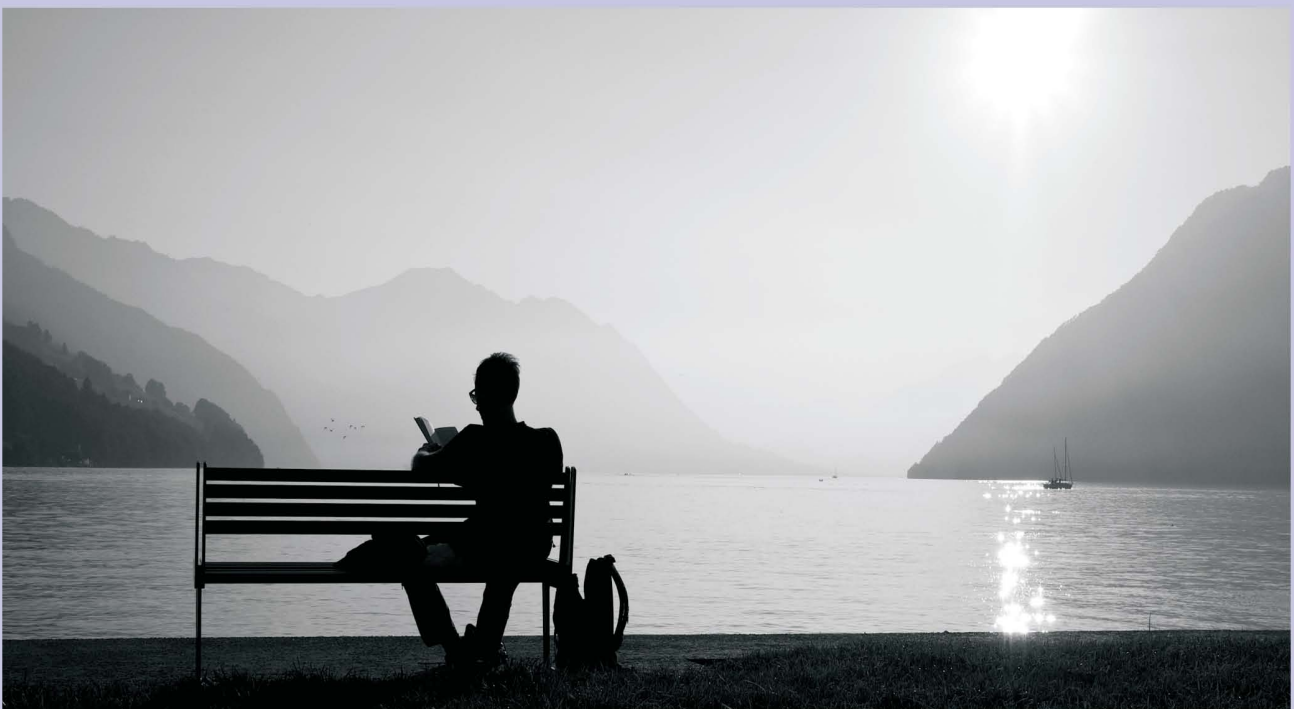

closer to the soul of the world. We don't want to live in our past or future but in present where we could see the sparks fly, where we could hear the bee buzzing, the wind rushing and feel the rain drops at the window sill. We want to live it as we do the lessons of our past and our dreams of the future. The world speaks many languages, silence is one of the languages. It is unspoken but can be felt deep in those places in our brains, where ideas and memories have their homes, silence stabs us to reality. God takes many test in our life but we can only pass them when we are relaxed and know that we are destined, to find our own destiny. Silence, is that which makes us realize this. It helps us regain the dreams that have been swallowed by dark clouds of our life and gives us that situation in which we can workout to achieve our goal. Things make sense when we leave the fear of our darkening life in an already darkened room with no noises, no voices to demoralize us and no soul to degrade us. One could prepare himself for the upcoming movies of success and failure

of his own life. Its like going on a feel trip , some come-back with enthusiastic heart full of plans, but some take this silence on their lives and bury in the cemetery of their own thoughts and suffer the hell afterwards.

Our life is like 'Titanic', afraid of being hit by an obstacle and shatter into pieces. In these situations 'silence' woks as the elixir of life. Sound sleep and escape from this world to a place with no sound can help us to relax, realize and judge. It will only help us, but we have to be strong, it will show our other half, the half which we were afraid of but had the potential to fight with the miseries of life.

Silence can take the best out of us, it makes us see the world from our own perspective and mends broken dreams, making a reality for us. It covers up the empty spaces in our daily exhausted life. Silence discovers the world outside and the world beyond our imaginations to clear our vision to a beautiful life.

HANIA MUMTAZ

BEACONHOUSE SCHOOL SYSTEM, RAWALPINDI

HIJAB A COMPULSION?

A POINT TO PONDER...

It often occurs to me that many of our sisters in Islam are not properly encouraged to use of Hijab, one they begin to observe the requirements of Hijab. It may be that a sister has been obliged to wear the Hijab without truly pondering over its superiority. A sister who does not truly know the superiority of Hijab will always remain envious of disbelieving women. Why? Because they observe these misguided disbelievers attempting to look beautiful for all to see. Hence, the Muslim woman then compares herself to that woman which causes her to feel ashamed of her own Hijab.

Therefore, what follows is a reminder for my sisters in Islam. It is a reminder of the true status of these so-called beautiful women. It is a reminder of the excellence of the women who wear Hijab.

It is well known that the Muslim woman is a creature of modesty. Allah loves for our Muslim women to be shielded by their Hijab. It is their outer protection from the decadence of this life.

Allah's Messenger (PBUH) said: "Allah is modest and covering. He loves modesty and privacy."

Thus, as modesty is a quality that is loved by Allah, our sisters must take comfort in knowing that they are modest and that they are not like those women who show themselves off to the world. Such women will not be shielded from Allah's Warmth.

Therefore, we see that the Hijab of the Muslim woman is indeed part of modesty. Modesty accompanies faith. That is why Allah's Messenger (PBUH) said: "Modesty is part of faith and faith is in Paradise."

The Muslim women must know that the disbelieving women who beautify themselves for the world to see possess no modesty, thus, they are void of any Eemaan. Instead of looking to the latest fashion models for guidance, you must look to the wives of the Prophet (PBUH). It can be quite difficult for the Muslim woman to go out wearing Hijab in a society that mocks and torments her. Indeed, she may feel strange and out of place. However, if she knows the status of those who are mocked by the disbelievers, then she would continue to wear her Hijab with dignity.

Instead of practicing the Hijab (covering), the disbelieving women expose themselves for others. Such a display is an attribute of ignorance of the Orders of ALLAH.

These women who expose themselves are common among us today. These are women that even the Prophet did not see! Look around you and you will see those women who are clothed but naked! Look at the hairstyles of the women who expose themselves - are they not high like the camel's hump?

Perhaps we are the first generation since the time of

Adam to witness such women. If we see that the disbelieving women did not expose themselves in the manner that their offspring do today! These women are among the people of the Fire!

Such lewd women will not even smell the fragrance of Paradise; so our women must avoid their path.

In relation of my point i would like to quote an example;

Two Muslim girls in a classroom - one wearing a Hijab; the other one without. The girl with no scarf - eager to have a laugh began to gossip and shout...

"Take off your headscarf - let's see the length of your hair... Go on just this one - it's only a dare!"

The girl with the Hijab looked back and proudly replied... "There is no chance that I'll let 14 devils float by my side"

The other girls scoffed still wanting to have fun... "So you're prepared to roast under the burning sun?" "Yes - because the heat right now means nothing to me; It is the hell fire which is extremely scary"

Girl with no scarf - still wanting to more... "Why are you wearing it? What is the purpose for?"

"Allah will keep evil and punishment away from me...

This Hijab is there in my life for security... I love and value my faith - which is why i cover my head"

Smiling the girl in the Hijab had said. The other girl tensed - but not showing she's feeling bad... "Why not show everyone your beauty - once you have, you'll feel ever so glad!" "The beauty is inside me - where Islam is growing in my heart... ...Appreciating Allah is the way for a happy star!"

At this point, the girl with no Hijab had nothing else left to say...

She knew that the other girl was always joyful and confident each and every day.

She realized that this Sister in Hijab will always remain pure and never will walk in shame... The girl with no scarf knew she wanted to exactly the same. This is why, When she went home - she made a very big decision. She realized that loving Allah can put you in such a wonderful position. In the classroom, the next day - this girl was wearing her Hijab for the first ever time - feeling so proud...

Looked at the other girl whom she had made fun of before had said out loud...

"Oh sister of Islam - forgive me for the things i have said... Seeing the love you hold for our religion has today made me cover my head... Your sweet and caring words that you so dearly expressed... Made me see how Islam has given you so much respect i know that Allah will gift those who follow Islam... Wearing my Hijab - i know that i will be safe from any harm. Thank you My Sister - for you who i now admire and congratulate Together as Muslims, we should aim to reach Jannat's Gates."

The first girl - amazed, had happiness all over her face Smiled with love and gave the Sister a lot of praise. "Mashallah Sister - Indeed Allah will purify your heart and your deen..."

Continue love for our faith and in Heaven we will be seen... Wearing the Hijab - we will always stay as the 'Respected Girl'...

And to Allah we will be known as the 'Concealed Pearl!' Thus, Wearing Hijab does not mean that you are someone different among the people but it means that you are special...

TREES! TREES! TREES!

**Trees can be short, trees can be tall.
What ever kind, I like the all.**

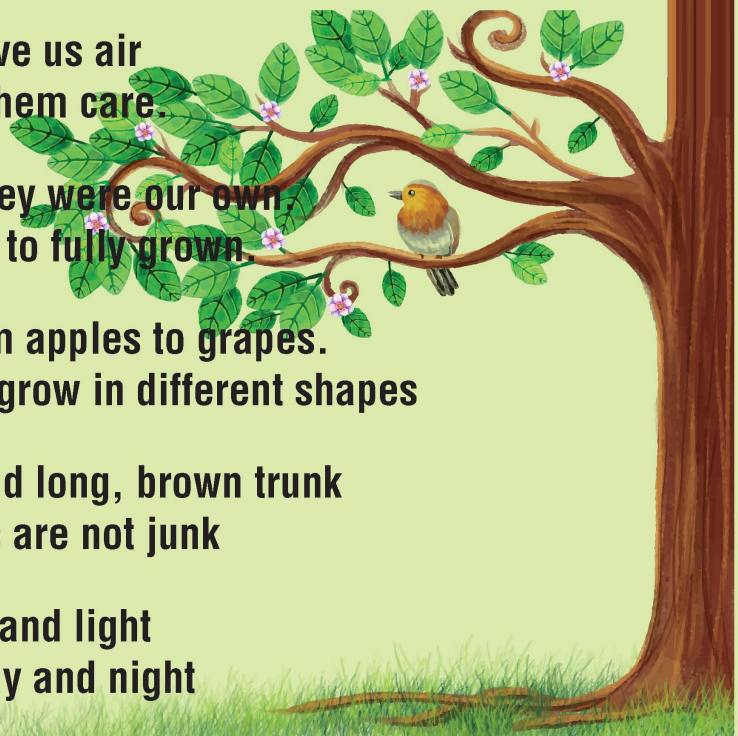

**They give us oxygen, They give us air
We give them love, we give them care.**

**We take care of each, as if they were our own,
From where they are seeding to fully grown.**

**From berries to cherries, from apples to grapes.
They give us different fruit & grow in different shapes**

**With their colourful leaves and long, brown trunk
We know what beautiful trees are not junk**

**They need water, soil, space and light
We give them those things day and night**

Believe In God

اللہ پر یقین

ہمیشہ اپنے رب سے پرامید رہنا کیونکہ اس پوری کائنات میں جتنی جلدی رب راضی ہوتا ہے اتنی جلدی کوئی راضی نہیں ہوتا۔ غم اور مشکلات صرف اللہ کو بتایا کرو اس یقین کے ساتھ کہ وہ تمہیں دے گا اور تمہاری تکلیف بھی دور کرے گا۔

اللہ پر یقین کی ایک چھوٹی سی کہانی کچھ یوں ہے:

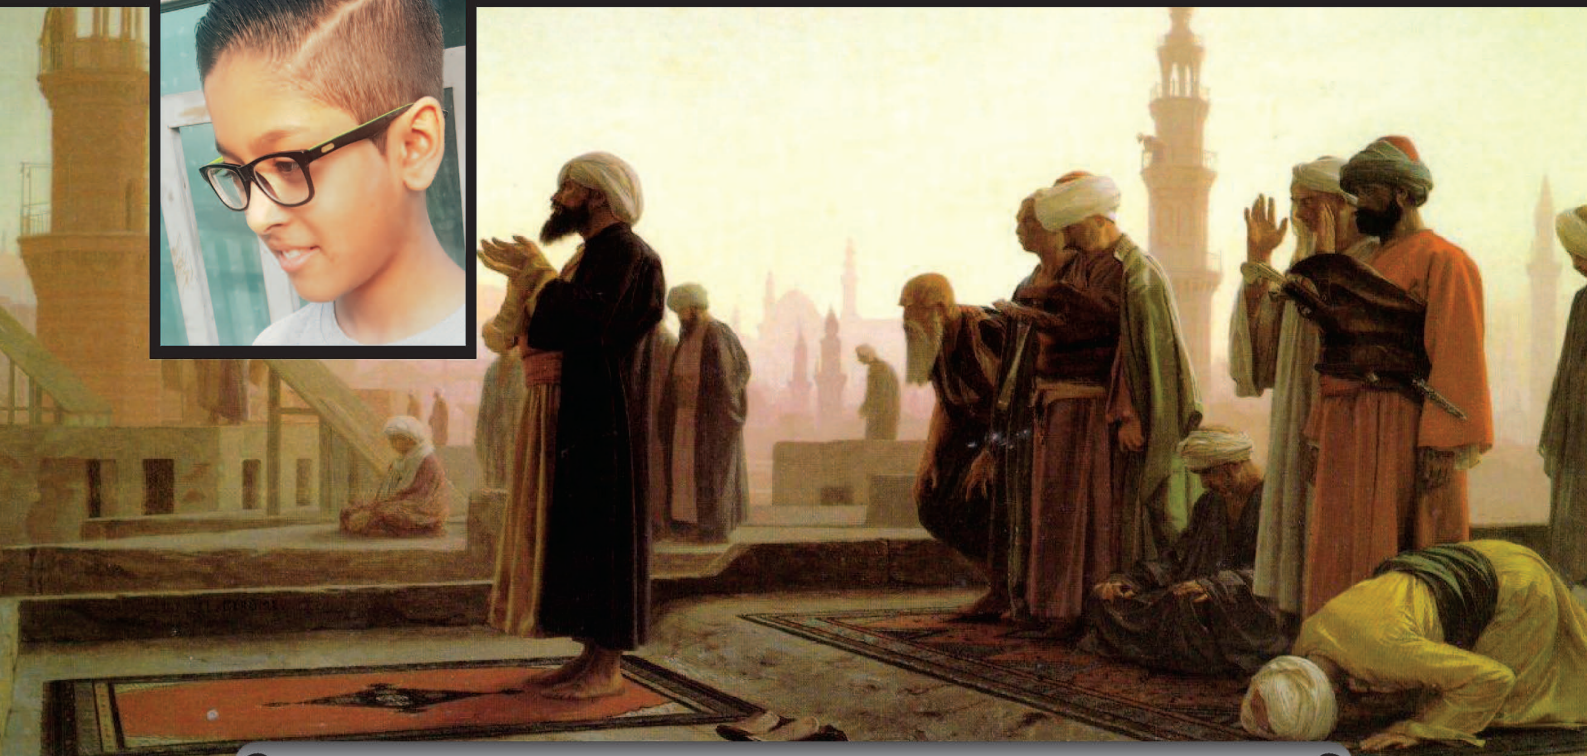

ایک مرتبہ ایک میدان میں بادشہ کیلئے دعا کی جانی تھی۔ سب لوگ اس میدان میں جمع ہونے لگے۔ ایک بچہ میدان میں چھتری لے کر داخل ہوا۔ سب اسے دیکھ کر حیران ہوئے۔ ایک شخص نے

پوچھا، "بیٹا چھتری کیوں لائے ہو؟" بچے نے معصومیت سے جواب دیا، "جس اللہ سے دعا مانگنے آئے ہو کیا اس پر اتنا بھی یقین نہیں"

اللہ پر توکل یقین کی حد تک کرو۔

IBRAHIM ZAHID

THE SCIENCE SCHOOL, RAWALPINDI.

ALLAH ALMIGHTY

ALLAH ALMIGHTY is the only and the greatest deity in the whole universe and hereafter. He is the creator of each and everything in it. Every creature, living, nonliving things are subservient to ALLAH.

Having trust on ALLAH and on the oneness of ALLAH, is the fundamental belief of being Muslim. No other being can be equal to ALLAH in attributes. He is matchless and self-sufficient. He is all knowing all wise and all powerful. He is the first and the last.

He has no equal because He possesses attributes which no other being can claim to possess. He is incomparable power, knowledge and all other faculties which the human mind can conceive of.

Being the creature of ALLAH all the mankind ought to have trust on ALLAH, especially the believers. In all affairs of life we need to put in all efforts with good intentions, however the results ought to be left with ALLAH. ALLAH says in

QURAN

AND PUT THY TRUST IN ALLAH, AND ENOUGH IS ALLAH AS A DISPOSER OF AFFAIRS" (SURAH AL-AHZAB / 3)

It is thus indicated that whatsoever we acquire in life, is the best for us, all we need is to have trust only on ALLAH Almighty.

قیامت کا منظر (افسانہ)

سے محفوظ نہ تھا۔ وہ پنجاب، جھینے والوں کو اپنی دور بین نگاہوں سے ڈھونڈ نکالتا ان کا پیچھا کرتا اور بے دردی سے دبوچ لیتا۔ اس کے بعد کچھ پستانہ چلتا کہ اس بد قسمت کا کیا حشر ہوا۔ آج صبح تک سب کچھ ٹھیک ٹھاک تھا۔ سب کچھ اپنے معمول کے مطابق جاری تھا کہ پہلے پانی کا سیلاب آیا۔ کئی تو اس طوفانی ریلے میں ہی سہ گئے۔ بچنے والوں پہ یہ جناتی پنجاب قیامت بن کے ٹوٹ پڑا۔ تمام بڑوں کو اس نے چن چن کر اپنا شکار بنا لیا۔ چھوٹے اس خوش فہمی میں تھے کہ شاید وہ بچ گئے مگر پھر ایک بڑے بڑے دند انوں والی بلا آئی۔ یہ بلا ایک ہی بلے

ہر طرف ایک ہلچل مچی ہوئی تھی۔ افراتفری کا یہ عالم تھا کہ ہر کوئی اپنی جان بچانے کے لیے بھاگتا پھر رہا تھا۔ کسی کو کسی کی فکر نہیں تھی۔ سب کو اپنی اپنی پڑی تھی۔

دراصل ایسی مصیبت اس سے پہلے آئی ہی نہ تھی۔ چھوٹے موٹے حادثات تو ہوتے رہتے تھے مگر ایسی آفت اس سے پہلے نہیں دیکھی گئی تھی۔ ایسا محسوس ہوتا تھا کہ جیسے قضا پوری شدت سے ان پر ٹوٹ پڑی ہو، ایک جناتی سا پنجب آتا اور کسی وجود کو اپنی گرفت میں دبوچ کر لے اڑتا، کوئی کونا، کوئی ٹھکانا اس کی دست برد

کتنے کوئی طاقت ور ہاتھ انھیں جھنجھوڑ ڈالتا۔ سب کے سب ادھر ادھر اپنی پناہ گاہوں میں دبا جاتے۔ مگر آج تو جیسے قضا ان پر ٹوٹ پڑی ہو، چُن چُن کر ان کا خاتمہ کیا گیا۔ دیکھتے ہی دیکھتے سب جوئیں اور لیکھیں ختم ہو گئیں۔ جوؤں پر ٹوٹنے والی اس قیامت سے بے نیاز سکینے کی ماں سکینے کے سرمے میں کنگھی کیے جا رہی تھی۔ سکینے کی کمر پر ایک ہلکی سی چپت لگاتے ہوئے وہ بولیں، لے تیرے سر کی ساری جوئیں ختم ہو گئیں کبخت! کتنی بار کہا ہے سردھویا کر اور روز کنگھی کیا کر۔ سارا سر جوؤں سے بھرا پڑا تھا۔ اور سکینے منہ بسورتی اٹھ کر چل دی

میں بہت سوں کو اپنے ساتھ سمیٹ کر لے جاتی۔ جیسے فصل کی تیاری سے پہلے فالتو جھاڑ جھکار کو ٹریکٹر کے ذریعے ختم کیا جاتا ہے ایسے ہی ان کا صفایا کیا گیا۔ دیکھتے ہی دیکھتے تھوڑی دیر پہلے جہاں کھوے سے کھوا چھل رہا تھا سناٹا چھا گیا۔ یہاں تک کہ آفت کا شکار ہونے والوں پر کوئی رونے والا بھی نہ بچا۔

اس قدر تباہی کی وجہ شاید یہ تھی کہ وہ اس آفت کے لیے تیار ہی نہ تھے ادھر ادھر چھپنے کے سوا ان کے پاس اور کوئی راستہ نہیں تھا۔ اس کے پہلے معمولی ہلچل تو ہو جاتی۔ جیسے ہی وہ اپنا پیٹ بھرنے کے لیے کمر

BEACONHOUSE SCHOOL SYSTEM GULSHAN MIDDLE-II, KARACHI

THE CRACKERJACK

Since the dawn of time, every knight has a dream which he has to fulfill and Sir Billy was one of those knights. Sir Billy was a knight who had a dream to do something really brave and special. He was one of the greatest knights at Rhunor, the kingdom he worked as a knight for. He kind-hearted, gleeful, mirthful and courageous knight. One day the king asked Sir Billy to go to Solkef forest to find a kingdom called Uruk because each day a group of raiders invaded the plains of the kingdom from the east which led to the forest and each day a farmer of the forested heartland complained about those raiders, and they were not just raiders they were fierce, vile, squat, with long muscular arms, with squinty eyes and yellow teeth. So, the king ordered him to bring those invaders to him. Sir Billy was a bit scared but he had to obey the king's command or otherwise he would be banished from the

kingdom! "Ok sir I'm on to it!" he replied and went. When he reached the plains, he saw a bald greenish horseman who not so far away. He had a long-curved sword with a bow and 5 or 6 arrows. He was a bit dirty also he wore scavenged armor. Sir Billy followed him at once, but there was a spot of bother at a house not too far away, the screams from that house distracted Sir Billy and off he went to that house. As he approached near a horseman similar to the previous one rushed out of the house with metal in his hand and a sword in his other. Sir Billy followed him but the horseman was really fast and disappeared in the forest. Sir Billy went after him. After going much deep into the forest he said to himself feeling a bit scared "Oh, this forest is freaking me out" and continued until he found the kingdom of Uruk. Sir Billy was both half-happy and half-scared because he thought that won't return. As

he was about to get nearer an arrow struck him on the chest. He screamed with horror and drew his sword and got off his horse. He was glad the wound wasn't deep due to his plate armor. He kept his eyes towards the castle suddenly a goblin came charging towards him, Sir Bill knew what it was, it was the same goblin horseman he saw in the plains. As it got near the knight slashed his sword cutting the goblin's throat. Suddenly twenty or more goblins charged at him, so the knight quickly with his bow and arrow took a shot of a goblin which went past him and 3 more goblins. So, Sir Billy did these 6 more times killing 18 goblins. Now only 2 more were left who were killed by the knight's sword. "Ha Ha sword of justice" Sir Billy said. Since no more goblins were left Sir Billy rushed inside. He was surprised to see that there was nothing but some great knights who were Sir Billy's friends! He rushed towards them but a dark figure pushed him, "Who are you!" cried the knight. "Who do you think I 'am Bill" replied the dark shadow type of figure. "Wait you.... but... how... no way..... it can't be... erm... err... well... how do you know my name!" the knight said. "Well you don't know me, but you know you are a big fool" the figure hadn't completed his sentence that the knight said "Don't even try to speak jabberwocky, I know who you are" and slashed his sword on him but the shadowy figure was too quick and escaped and came into light and revealed itself. He was an old enemy of Sir Billy. "You... you... you..... I'm going tooooooooooo!" and ran towards his enemy but his enemy was too quick. "You're dead meat worm!" said the knight in an angry mood. The enemy was once his friend George who betrayed Sir

Billy and forced him to commit a crime. "George" said Sir Billy and the reply was "You've been more fat than I thought and anyway you are no match for me" when suddenly the knight attacked his enemy and a battle began. Blood dripped from their arms but they wouldn't stop fighting. Wounds were all over their bodies when Sir Billy stabbed George in the heart and he died. The knight quickly set his friends free and went home. When he came back he was awarded with a sword named sword of justice and named "THE CRACKERJACK". Now Sir Billy was happy but still used his old sword because he thought his sword was the best. "Ah this is life I'm a hero! Wow!" said Sir Billy and lived happily ever after.

ایمانداری

اور بولی بڑی ملکہ مجھے نو لکھا ہاں چاہیے۔ بڑی ملکہ نے ایک دم چونک کر بہت غور سے بادشاہ اور شہزادی نیلم کو دیکھا کیونکہ نو لکھا ہاں بہت قیمتی ہوتا ہے لیکن چونکہ وہ وعدہ کر چکے تھے اس لئے انہوں نے اگلے دن ایک جوہری کو بلوا کر نو لکھا ہاں بنانے کا حکم دیا۔ چند ہی دنوں میں اس جوہری نے ایک خوبصورت نو لکھا ہاں تیار کر دیا۔ جس میں سونے کے علاوہ اور بھی بہت سے ہیرے جڑے ہوئے تھے۔ ملکہ ہاں کو ہر وقت پہنے رہتی تھی۔ ایک دن نیلم شہزادی اپنی سہیلیوں کے ساتھ تالاب میں نہانے کے لیے گئی اور اس نے اپنا نو لکھا ہاں تالاب کے کنارے اتار کر رکھ دیا۔ اسی دوران ایک چھیل اڑتی ہوئی آئی اور اس نو لکھا ہاں کو چونچ میں دبا کر لے اڑی۔ اڑتے اڑتے چھیل کی نظر اچانک ایک مکان کی چھت پر پڑی جہاں ایک چوہا مڑاڑا تھا۔ چھیل نے ہاں کو چونچ میں سے چھت پر

پرانے زمانے کی بات ہے کہ کسی ملک پر ایک بڑا ہی رحم دل بادشاہ حکومت کرتا تھا۔ اس بادشاہ کی ملکہ بھی تھی جس کا نام نیلم شہزادی تھا وہ بہت ہنس مکھ اور رعایا سے پیار کرنے والی تھی۔ بادشاہ کی ماں اور باپ اپنے بیٹے اور شہزادی نیلم سے بہت خوش تھے۔ انہوں نے ایک دن اپنے بیٹے یعنی بادشاہ اور اپنی بہو شہزادی نیلم کو اپنے پاس بلوایا اور کہا کہ مجھے بڑی منکر تھی کہ ہمارے بعد تم دونوں رعایا کا خیال رکھ سکو گے یا نہیں کہیں ایسا نہ ہو کہ ہماری آنکھ بند ہوتے ہی تم لوگ عیش و عشرت میں پڑ جاؤ اور رعایا پر ظلم کرنے لگو۔ لیکن تم دونوں نے نیک اولاد ہونے کا ثبوت دیا ہے۔ اب تم دونوں یہ بتاؤ کہ تم لوگ انعام میں کیا چاہتے ہو؟ خاص طور پر میری بہو یعنی شہزادی کیا چاہتی ہے؟ ماگلو جو ماگنا ہے؟ شہزادی نیلم نے بادشاہ کی طرف دیکھا

کان نے سر جھکا کر کہا کہ میں نے یہ ہار کسی انعام کے لالچ میں آپ کو واپس نہیں کیا یہ تو آپ کی امانت تھی۔ بادشاہ نے کہا تم انعام لیے بغیر نہیں جا سکتے۔ کان ادب سے بولا ہم جہاں رہتے ہیں وہ عسریوں کی بستی ہے وہاں کوئی مکتب نہیں جہاں ہمارے بچے پڑھ سکیں اور وہاں کوئی کنواں ہے نہ تالاب اس لئے ہماری عورتیں بہت دور سے پینے کا پانی بھرا کالاتی ہیں۔ آپ وہاں ایک مکتب اور ایک کنواں بنوادیتے اور بستی کے تمام گھر پکے کروا دیتے کیونکہ بارش میں سب کو بہت تکلیف ہوتی ہے۔

بادشاہ نے حیرانی سے پوچھا کہ تم اپنے لئے کیا مانگتے ہو؟ کان نے ادب سے جواب دیا کہ مکتب کھل جائے گا تو میرا بیٹا بھی پڑھ لے گا۔ بادشاہ اور ملکہ بہت حیران ہوئے اور انہوں نے اسی وقت کان کے ہر کام کو پورا کرنے کا حکم جاری کیا۔ کچھ ہی عرصہ بعد بستی کے تمام گھر پکے ہو گئے، مکتب کھل گیا اور کنواں بھی تیار ہو گیا۔

بادشاہ نے کان کی ایسنداری سے متاثر ہو کر اسے شاہی محل کا نگران مقرر کر دیا۔ کان نے اپنے بیٹے کو مکتب میں داخل کروا دیا اور دونوں لڑکیوں کی شادیاں بہت دھوم دھام سے کیں اب بستی والوں کی نظر میں وہ کان ایک عظیم انسان تھا اس لئے بستی والوں نے اپنی بستی کا نام اسی کان کے نام پر رکھ دیا اور یہ سب اسکی ایسنداری کا صلہ تھا۔

پھینکا اور چوہالے اڑی۔ ادھر جب نسیم شہزادی تالاب سے نہا کر نکلی تو ہار کو عتاب دیکھ کر بہت پریشان ہوئی اس نے محل جا کر ساری بات بادشاہ کو بتائی۔ بادشاہ نے فوراً اعلان کروا دیا کہ جو کوئی بھی نسیم شہزادی کا نو لکھا ہار لے کر آئے گا اسے منہ مانگا انعام دیا جائے گا۔ جس مکان کی چھت پر چھیل نے وہ ہار پھینکا تھا وہ ایک کان کا گھر تھا۔ اعلان کو کئی روز گزر گئے مگر ہار نہ ملا۔ ایک دن جب بادل گھر کر آئے اور کان چھت پر موسم کا حائرہ لینے گیا تو اسکی نظر ایک چمکدار چیز پر پڑی جو کہ ملکہ کا ہار تھا۔ کان جب ہار لے کر نیچے آیا تو اسکی بیوی یہ ہار دیکھ کر بہت خوش ہوئی اور بولی کہ اب ہمارے دن بھی بدل جائیں گے تم یہ ہار شہر جا کر بیچ آنا۔ ان بیسوں سے ہم ایک اچھا مکان لیں گے اور بیٹیوں کی شادی کریں گے۔ یہ ہار اللہ کی طرف سے ایک غیبی امداد ہے۔ کان نے بیوی کے ہاتھ سے فوراً وہ ہار لیا اور کہا نیک بخت! یہ وہ ہار ہے جسکے بارے میں بادشاہ نے اعلان کروا دیا تھا اور میں یہ ہار بادشاہ کو دے کر آؤں گا۔ کان کی بیٹی بولی بابا! یہ ہار ہم نے چرایا تو نہیں ہے یہ تو ہمیں اللہ میاں نے کہیں سے دے دیا ہے۔ کان نے کہا نہیں بیٹی ایسی باتیں نہیں سوچتے کیونکہ ہم جانتے ہیں کہ یہ ہار کس کا ہے اس لئے اس پر ہمارا کوئی حق نہیں ہے۔ اگلے دن کان بادشاہ کے محل میں پہنچا اور ہار بادشاہ کے حوالے کر دیا۔ کان نے ہار ملنے کی پوری کہانی بادشاہ کو سنائی۔ دربار میں شہزادی بھی موجود تھی اس نے فوراً وہ ہار اٹھا کر اپنے گلے میں ڈال لیا اور کان سے یہ پوچھا کہ وہ انعام میں کیا چاہتا ہے؟

MYSTERY STORY

The mystery story of that hooded man.

It was a pleasant morning. I woke up early as usual. I sat on computer as I every day did. Because it was a holiday so I didn't go to school I was playing my favorite FPS (first person shooting) game, but suddenly I saw a flash on my window of backyard which was beside my computer table.

I became shocked after I saw this incident. I went to my backyard. I saw a man shrieking and from its body was blood coming out, I got shocked. But when I went there, I saw a hooded man running along. I didn't thought to bother that man by running after him but I took that person to the hospital which was injured very badly. My parents didn't knew that I went to the hospital. I paid the bill but it was too late, that person died. I got very anxious like what do to. Ahh!!!! I was just about to shriek aloud. Then a phone call came in my phone. I received the call, that were my parents!!! I shrieked in my mind. My parents asked that where I was so I told them the whole story. My parents became worried and called me immediately to home. I was very worried about that victim. I went to home and laid on the bed. Then I went to the hospital

search about that hooded man that can he be the criminal? It was the 5th morning of that incident that I saw that hooded man standing beside a tree. I rushed to that hooded man. When that guy saw me rushing towards him so he tried to run but unfortunately he fell down and finally was caught by me. When I turned his hood so I was shocked that was the most wanted criminal of the area who killed people. I called some people near me and took that person to the nearest police station. That guy was arrested and finally the mystery of that hooded man was solved....

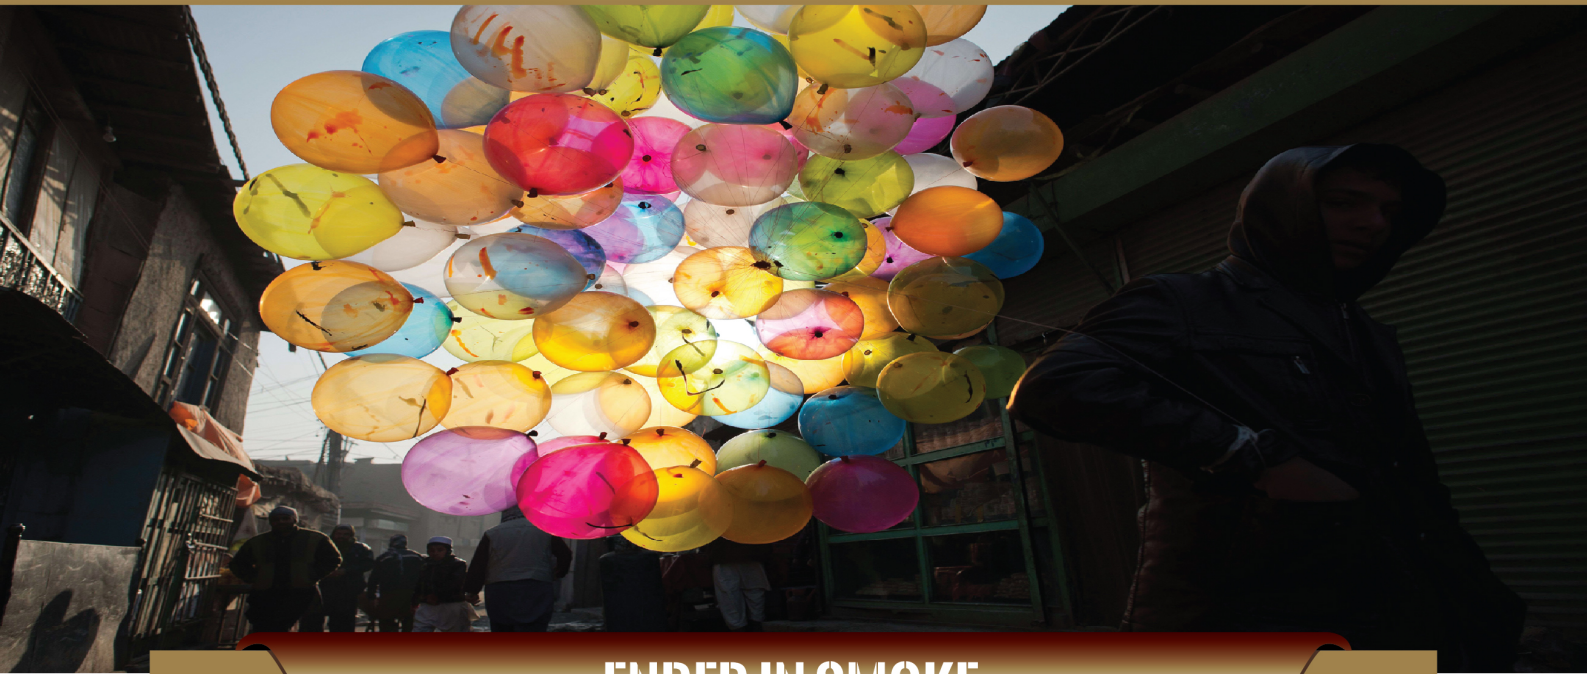

After 3 years
(Reading the newspaper)

The guy who killed a person 3 years ago is un arrested and he claims to take revenge from that person who got arrested him 3 years before.

(After reading that)
Oh Shit....D;

ENDED IN SMOKE

Once upon a time there was a man named Mr. Twiddle, who lived with his wife and two daughters in a small village. They were not so well off, but tried to live a normal life. Mr. Twiddle was very silly. They lived in Greenhill Village. Their home was a very small tumbledown cottage, but Mrs. Twiddle tried to keep it as presentable as possible. One day they were worried about money. Actually, Mr. Twiddle had a cobbler's shop, but as he was very silly, no one came to his shop. "Really Mr. Twiddle, why don't you start a new business?" "Ha! I'll think about, wait a minute. What did you just say? Well! I think that's a great idea." The next day, Mr. Twiddle went to the market. He saw packets of balloons in a shop. "Well! Let's buy this, children love balloons and then I will bathe in money." So he bought a packet of balloons for ten cents. It had twenty balloons. "I'll sell this one for two cents and I will gain twenty cents as profit on the whole. Great! So he went home and blew all the balloons and set out to sell them in the park. By the evening, he had sold six balloons and earned twelve cents, with two cents as profit.

Suddenly, he tripped over a stone, lost balance and all the balloons flew away. All the children looked at the sky in awe and all those who could grab some, they did and ran away. Mr. Twiddle rushed home and told his wife what had happened. "Well! Mr. Twiddle you should have consulted me and I could have suggested you a better idea. However, all what you had planned for, have not completely ended in smoke. You still have got two cents as profit and there is no loss on your part." So Mr. Twiddle decided to start a new business of making burgers on his stall with his wife's help. He even became sensible, and his business bloomed. Now he lives in a bigger house with more money than before! If things are planned out in an organized way with mutual understanding, then it is always fruitful.

خاموشی کا راز

سمجھنے لگے ہیں کہ میری خاموشی میں کوئی ایسا گہرا راز چھپا ہے کہ جس دن بھی وہ راز آشکار ہوا تو ان لوگوں کی قسمت بدل جائے گی۔ اس کے پاس عقیدت مندوں کا تجسس دن بدن بڑھتا جا رہا تھا اس نے سوچا کہ اگر وہ مزید خاموش رہا تو لوگوں کو کیا معلوم ہوگا میں کتنا بڑا بزرگ ہوں۔

یہ سوچ کر اُس نے مہر خاموشی توڑی اور عقیدت مندوں سے گفتگو کا سلسلہ شروع کر دیا۔ اگر وہ صاحبِ کمال ہوتا تو اُس کی دانائی کی باتوں سے لوگوں کے دلوں میں اس کی عقیدت زیادہ ہوتی لیکن وہ تو نرِ جاہل تھا۔ لوگوں نے اس کی اُلٹی سیدھی باتیں سنی تو اصلیت سے آگاہ ہو گئے اور اس کی ذات سے ان کی عقیدت جاتی رہی۔

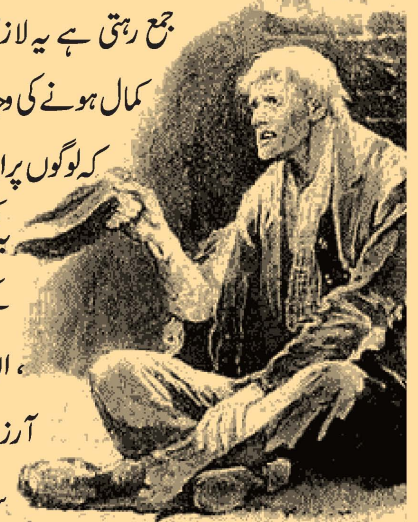

داناؤں کا قول ہے۔

”کہ کم بولنا، کم کھانا اور کم سونا انسان کے لیے بہت سی بھلائیوں کا باعث بنتا ہے۔“

خاموشی عالم کا وقار اور جاہل کے عیبوں پر پردہ ہے۔ جیسے اس جاہل نے اپنی خاموشی توڑی اس کی قدر و قیمت بھی لوگوں کی نظروں میں گر گئی۔

مصر کی بستی میں ایک فقیر رہتا تھا۔ وہ کسی سے بات چیت نہ کرتا تھا اور اس کی یہ خاموشی لوگوں کے لیے اس کی بزرگی کا ثبوت بن گئی تھی۔ لوگ اسے بزرگ خیال کر کے پروانوں کی طرح اس کے گرد جمع رہتے تھے۔ اس کی خوب خدمت کرتے کوئی اس کے سامنے کھانے پینے کی چیزیں لاتا تو کوئی اس کے قدموں میں قیمتی زیورات اور ہیرے جواہرات ڈھیر کرنے لگا۔ شامتِ اعمال یہ ہوئی کہ ایک دن اس شخص نے سوچا کہ اتنی مخلوق جو میرے گرد جمع رہتی ہے یہ لازمی طور پر میرے صاحبِ کمال ہونے کی وجہ سے ہے اور مجھے چاہیے کہ لوگوں پر اپنا کمال ظاہر کروں۔ اب یہ مکمل طور پر میری شخصیت کے سحر میں مبتلا ہو چکے ہیں، ان میں سے اکثر کی دلی آرزو ہے کہ میں ان کے سامنے کچھ کہوں یہ لوگ

کے سحر میں مبتلا ہو چکے ہیں، ان میں سے اکثر کی دلی آرزو ہے کہ میں ان کے سامنے کچھ کہوں یہ لوگ

MUHAMMAD MAEMOON FAROOQ
BAHRIA TOWN SCHOOL & COLLEGE SECTOR-C, LAHORE

THE MOMENT THAT CHANGED ME

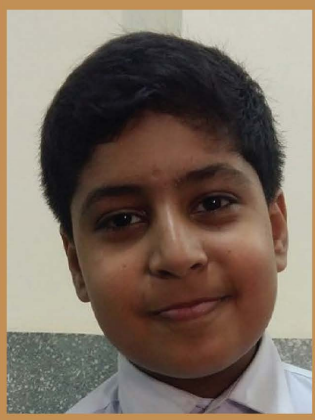

"Mom can you please give me 5000 rupees, I want to buy a new game". I said to my mom hoping to get a positive answer but she only said "a big no." "Oh please everyone in my class has it." I pleaded to her but she just nodded her head giving a clear no. I couldn't protest anymore because her answer would be the same.

"I am going out," I said to her and rushed out of the house. My mind was swirling with ideas to collect enough money to buy that game. Hands in pocket, I was kicking a stone that I saw something. It was brown in color, looking around I picked it up. "What is this?" I said to myself. I looked at it and realized that it was a wallet. I opened it to have a peek inside and got a surprise. It was having 5000 thousand rupees. My heart started to beat furiously. I stuffed the wallet in my pocket and ran all the way to my home. My mom was talking to the maid, while I entered the gate and had a serious look at her face. I went upstairs to my room and locked the door. What am I going to do

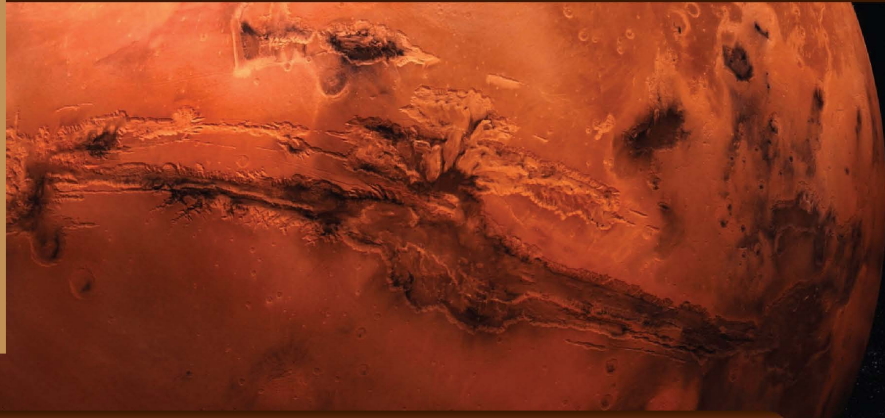

First, I thought to give away all the money to the police but something strokes my mind. I wanted 5000 thousand rupees to buy the game why not use it. My thoughts were mixed up I went to the kitchen to drink a glass of water that I saw my mom thinking. "What is happening, what were you talking to the maid?" I asked her. "She wanted 5000 rupees to pay examination fee of her elder daughter but I don't have money because she wants it urgent," she told me.

I thought for a while and said to myself why not give the money to the maid it will help a girl get educated while the game will only cause damage to my studies. I gave the money to my mum to give to the maid. After that day, I felt blessed like Allah had given me some blessing and that was the moment which changed me.

MUHAMMAD SAQIB

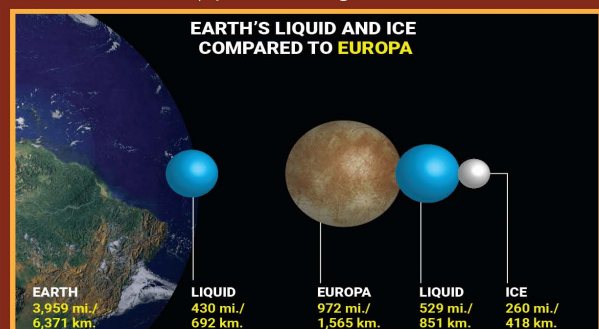

S.T BONAVENTURE'S HIGH SCHOOL, HYDERABAD

“NO WAY OUT”

Sometime in the 21st century, crop blight on Earth has made farming increasingly difficult and threatens humanity's survival. Joseph Cooper (McConaughey), a widowed former NASA pilot, runs a farm with his father-in-law, son, and daughter Murph, who believes her bedroom is haunted by a poltergeist. When a pattern is created out of dust on the floor, Cooper realizes that a gravity anomaly is behind its formation. He interprets the pattern as a binary-encoded set of geographic coordinates. Cooper and Murph follow them to a secret NASA facility, where they are met with Cooper's former professor Dr. Brand (Caine). Brand reveals that a wormhole mysteriously appeared near Saturn 48 years earlier, opening a pathway to a distant galaxy with potentially habitable planets. NASA has already sent forth the "Lazarus" Missions: twelve volunteers, led by Dr. Mann (Damon), who traveled through the wormhole to assess twelve exoplanets as candidates for humanity's new home. Since resources are limited, NASA will only be able to visit three of the candidates. The planets surveyed by Miller, Edmunds and Mann seem encouraging, and all are near a black hole called Gargantua. Brand recruits Cooper to pilot the spaceship Endurance to investigate further, while he works on "Plan A" — a gravitational theory for propulsion that would allow an exodus from Earth. The Endurance also carries 5,000 frozen embryos as "Plan B", the colonization of a habitable

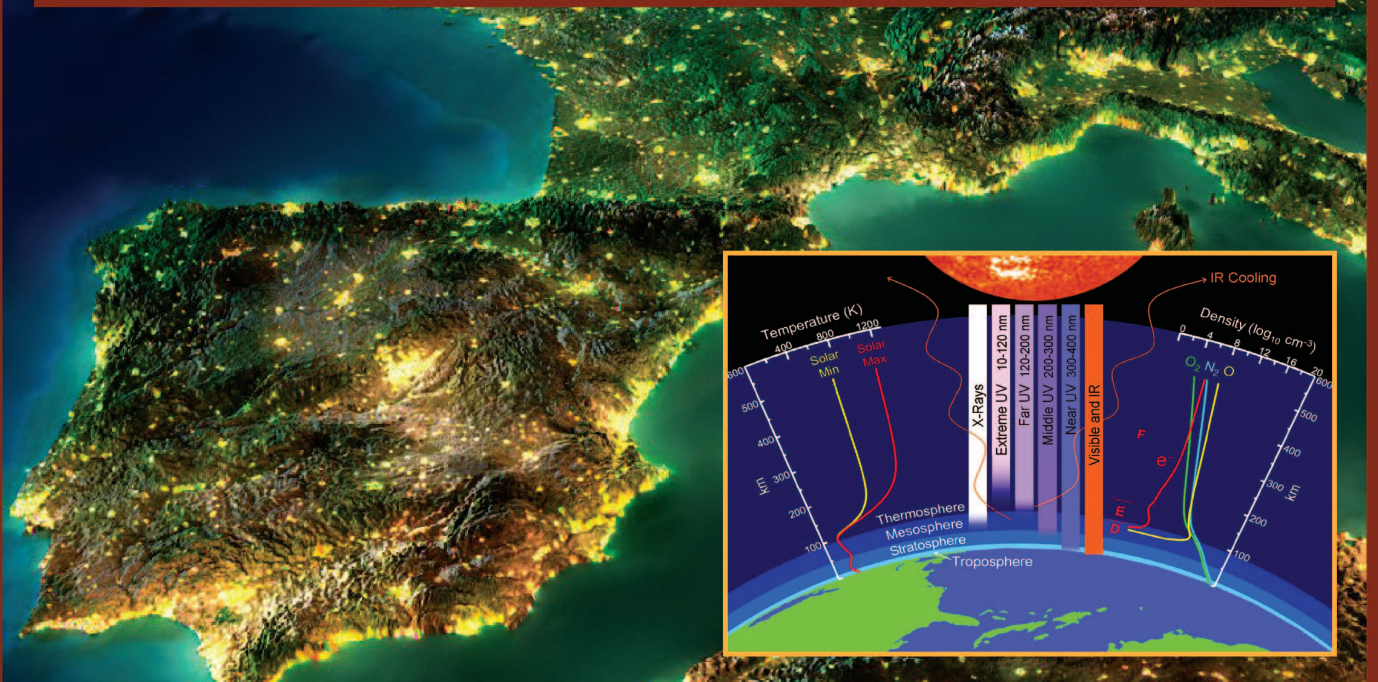

planet via artificial wombs. Cooper agrees to go, upsetting Murph. Cooper's crew consists of scientists Romilly, Doyle, Brand's daughter Amelia (Hathaway), and robots TARS and CASE. After two years of travel with the crew in suspended animation, the Endurance traverses the wormhole. They head to Miller's planet, an ocean world where time is severely dilated because of its proximity to Gargantua; for each hour there, seven years pass on Earth. They find only the wreckage from Miller's expedition, suggesting that she had died mere (relative) minutes before they arrived. Amelia retrieves Miller's data just before a gigantic tidal wave hits, killing Doyle. After returning to Endurance, they discover 23 years have elapsed on Earth. Murph (Chastain), now an adult, has been assisting Dr. Brand with his research. On his deathbed, he admits to her that Plan A was not feasible; he has known since before the Lazarus missions that his equations were faulty. He reveals that Plan B was the only plan all along.

In a video message Murph notifies Amelia of her father's death, accusing her and Cooper of abandoning Earth. Believing Dr. Brand's equations can be solved, Murph continues working on a solution to Plan A, but is stymied by lack of data on gravitational singularities. With limited fuel, the crew choose Mann's planet over Edmunds' as the next stop, since Mann is still transmitting. Once there, Mann assures the crew that the frozen planet is habitable despite its ammonia-laden atmosphere. However, whilst surveying the planet with Cooper, Mann admits that his planet is barren, and that he falsified the data in hopes of being rescued. He cracks Cooper's helmet and leaves him to die; meanwhile, Romilly is killed by a booby trap at Mann's base camp. Mann steals the team's Ranger SSTO and heads for Endurance. Flying a Lander, Amelia rescues Cooper, and they race to Endurance where Mann is attempting to force his way into the ship. Mann ignores Cooper's warnings and is killed in the attempt, damaging the Endurance in the process. Cooper is forced to dock with Endurance while it spins at over 60 RPM, but is ultimately able to stabilize the ship.

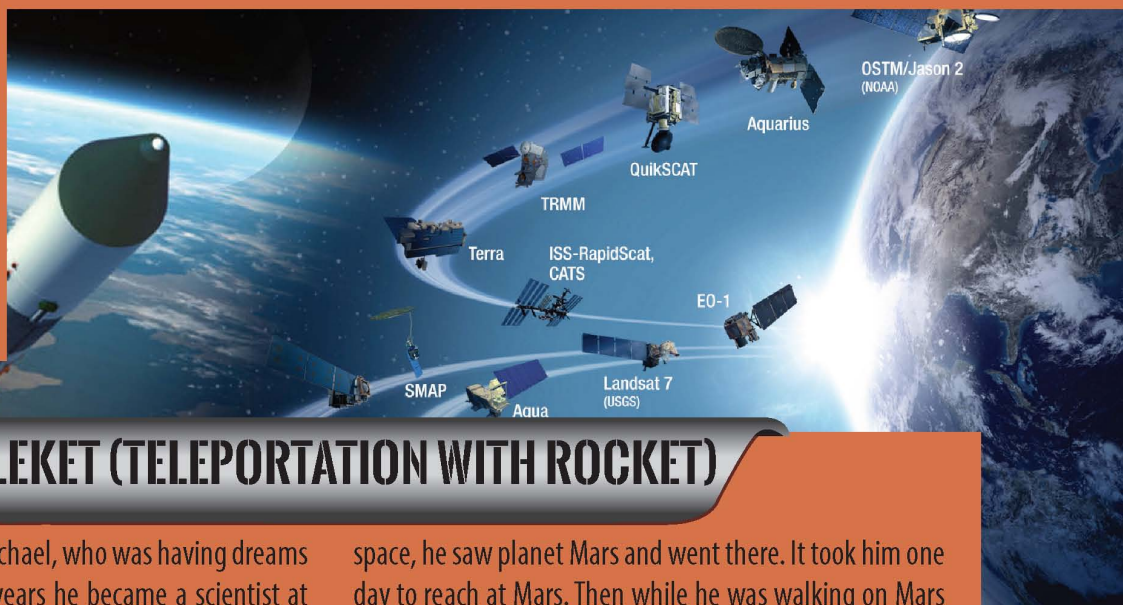

CASE warns Cooper that Endurance is slipping toward

Gargantua's pull. Cooper makes a quick decision to use Gargantua as a gravitational slingshot to propel the ship toward Edmunds' planet, but their proximity to Gargantua means more time will elapse on Earth. Since TARS has already agreed to travel directly into the black hole for purposes of research, it is jettisoned in a Ranger; Cooper, aboard the Lander, does the same, so that Amelia and CASE can complete the journey. Slipping past the event horizon, Cooper and TARS find themselves inside a tesseract, which resembles a stream of bookshelves capable of peering into Murph's bedroom at different points in time. Cooper surmises that the tesseract and wormhole were created to enable communication with Murph, and that he was her "ghost" all along. He also assumes that the tesseract was made by mankind in the future. Using the second-hand on a watch he gave her before he left, Cooper relays TARS' data, allowing Murph to solve the gravitational equation. Following a turbulent ejection, Cooper awakens in a space habitat orbiting Saturn. He reunites with an aged Murph nearing death. At Murph's request, Cooper and TARS leave to rejoin Amelia on Edmunds' habitable planet, where she is preparing a new human colony.

TELEKET (TELEPORTATION WITH ROCKET)

There was a child's name Michael, who was having dreams to be teleported. After 20 years he became a scientist at NASA so he discussed his ideas about teleportation in NASA but people made fun of him. After 2 years by too much hard work. He made a teleportation machine. He travelled the whole world and now he decided to go in outer space. After one year he made a rocket and the fuel was liquid Oxidizer (liquid Oxygen, Nitrogen tetroxide and Hydrogen peroxide). His rocket was launched. While he was crossing Ozone layer he fel the problem in breathing and right after it he wore his Astronaut suit which he stole from NASA. In space, the nearest body to him and to his rocket was the Earth's moon. He travelled 384,400 Km to reach the moon. When he reached at the moon. It was looking like a deserted battled field and he saw thousands of asteroids which were bombarded on moon. Suddenly he saw a bright body that was planet Venus because Venus is the solar system's brightest planet. While he was going on Venus he faced thick clouds of Venus which were made up of Carbon dioxide and Sulphuric acid, wait wait! For a while for a second while Michael was landing on Venus. He saw lava out there. His thermometer of rocket sowed temperature 500 degree Celsius. He changed his rocket direction and was escaping from Venus while he was escaping he was thousands of volcanoes in Venus. In

space, he saw planet Mars and went there. It took him one day to reach at Mars. Then while he was walking on Mars he saw water marks out there. Suddenly when he looked up he saw Martians. Right after that he was faint. When he got up he was very terrified when he got up he meet with Martians and they communicated by signs. They gave Michael fuel for rockets. Then he went out of mars. In space, he was a region where particle was going slowly and gradually his rocket was attracted by that region. Then his rocket was bombarded by asteroids and he and his rocket was attracted in that region. That region was a black hole. Michael was dead. The Black hole has that much gravitational energy that it bends the light rays.

THE VALIANT MUSLIMS

Once upon a time there was a small Muslim kingdom that was going through a tough time. They had scarcity of clean water and food. They had a rich neighboring kingdom, Zarun, oozing with natural resources and wealth. They were very cruel to Muslims. One day they decided to attack Muslims to make them leave their kingdom. So, they sent a messenger to the Muslim ruler to either surrender or fight. Zarun's wealthy ruler was under the impression that since Muslims were low in numbers, they will flee in fear. But Muslims trusted in Allah and chose to fight. All of them gathered in the battle ground. The cruel neighbors mocked the Muslims because they knew Muslims were only fighting for their pride and it was a lost battle for Muslims already. The battle started. it was a fierce battle, one could only hear swords clanging and blood dyeing the ground red. Nobody knew what was happening, the war that was designed to finish in few hours lasted for the whole day. Muslims fought bravely and valiantly because they trusted in Allah and won. A huge number of cruel Zarunians died while some ran away and the others were made slaves. Muslims captured the king of Zarun too and successfully took over the huge kingdom and feasted on the wealth.

EQUALITY MARKS THE BEGINNING OF A HEALTHY SOCIETY

Inaya and Batool had been friends from the day they came into this world. In fact, at times they even considered themselves to be sisters. They would play together, talk for hours and hours, care for each other, and even fight with each other like real sisters do, Inaya had spent each stage of her life with Batool; from her very footsteps, to speaking her very first words. From the first day of school, to the day she learnt to ride her bike. From the day she turned thirteen, to the excitement of finally turning seventeen, You may be wondering who Batool was for Inaya - how did they even know each other so well? Batool was the daughter of Zahra, Inaya's family maid. Zahra had been working for the family for plenty of years now.

Inaya treated Zahra and Batool like family. She loved and cared for them from the bottom of her heart. Never did she try hurting them emotionally or physically in any way.

This love and affection had come under the notice of Inaya's mother Sarah, who was a woman who had been taught to love her status, ego and pride much more than loving humanity.

Sarah did not like the fact that her daughter, being from a rich background, would run about with people from the lower class. It was completely intolerable by her. Sarah tried many attempts of separating Inaya and Batool. She tried convincing her maid to move away from their house. She even warned Batool about a great punishment she

would face if she

about a great punishment she would face if she spent time with Inaya once again. All these attempts seemed to fail once they came under Inaya's attention.

Being a grown girl, Inaya could easily distinguish the right

from the wrong and she knew that whatever was going on in her house was completely wrong. She was disgusted by the behavior her mother had shown. She believed it to be her duty, to make her mother realize that what she was doing was unjust.

"Islam strictly disapproves of any such discrimination between mankind. We all are the children of Adam, and are all equal in the eyes of Allah." Inaya told her, "The Prophet (SAW) said, all mankind is from Adam and Eve.

An Arab has no superiority over a Non-Arab nor does a Non-Arab have any superiority over an Arab.

Also a White has no superiority over a Black nor does a black have any superiority over white; except by Piety and Good action."

Sarah was mortified of what she had tried doing. She had realized her mistake, and apologized to Zahra and Batool right at that moment.

have any superiority over an Arab.

Also a White has no superiority over a Black nor does a black have any superiority over white; except by Piety and Good action."

Sarah was mortified of what she had tried doing. She had realized her mistake, and apologized to Zahra and Batool right at that moment

OUR ENTIRE FIGHT!!!

"Hey viewers this is Farishtay Gul reporting from Harvard university". Farishtay was walking into cafeteria with her friend Adam and Mehmal. She had a camera in her hand, they were doing a survey for their sociology project, it was an activity in which students belonging to the same religion were made one group and were taking reviews from other groups about their religion... Farishtay, Adam and Mehmal were from Pakistan, Kuwait and Turkey respectively. They were representing Islam in their project. The project had some rules which included that anyone who shares his views will have the right to speak whatever he thinks and that no group member can object on the views of the speaker...

Their group started the survey from The Harvard university's football stadium. They took interviews from several students, some of the students really admired Islam and Muslims while others gave a negative feedback... Farishtay and her friends recorded everything and went in the cafeteria for the next part. Now they were holding camera at a student named Kyle. Kyle was a jerk who would do anything to spoil anyone's day. He had always been famous for his tricks and pranks which he played at the university. Adam repeated the same old questions and asked Kyle to share his views. But the next moment they were all regretting that they had come to Kyle for his views. He had used such inappropriate language and abusive words that Farishtay had to turn the camera off. She was so angry and was just about to ask Adam and Mehmal to leave Kyle and go to someone else when

suddenly Kyle started shouting and forcing them to record his each and every word as he had the right to speak what he wanted. Farishtay was holding the camera and Kyle tried to take it from her... This made Farishtay angry and in her aggression, she slapped Kyle.

All the students started gathering around them in curiosity. Kyle left the place at once. Everyone was puzzled. Kyle wasn't someone who'd give up so easily. Farishtay was still red and as soon as her anger lowered, she realized what she had done. She started preparing herself for the consequences. And all her doubts approved after an hour when she was called by the management for a meeting... They restricted her from releasing the documentary and told her to prevent aggressive behavior. They also told her that she had to apologize from Kyle. Farishtay was going out of the office with a heavy heart when suddenly she heard professor Salahuddin at her back.

The next morning Farishtay was standing outside professor Salahuddin's office. She was so nervous that even her legs were shivering. Hearing the rumors that arose in her heart, she reluctantly knocked the door. "come in" she heard. She stepped inside. Unexpectedly the professor's sweet voice touched her ears. "Oh! Farishtay, please come, have a seat. She stuck at the corner of the seat in front of him ready to rush any moment. "I was just having a glance at your profile. So you're from Pakistan". He said "Yes sir". She replied. "Speaking of what happened yesterday. What had gone into you

dear?"he asked gently. Sir actually I was working on this documentary and kyle...

She remembered it all and started crying." Farishtay, Are you a Muslim?" The professor asked. She nodded her head. "... And kyle?" He added." No sir!!!" she said, a little forcefully. How do you differentiate? He questioned again. "Sir my beliefs are totally different, I believe in one Lord and..." Professor stopped her and said. Well! Those are your beliefs but how do you make others notice you as a Muslim unless you mend your ways so that everyone gets attracted by your personality. This is what should force them to know that, yes! you are a true Muslim." "But sir... Kyle's behavior was intolerable... I mean I couldn't just stand and let someone speak all those things he said."she argued. "You don't have to... Actually, my dearyour way was wrong Islam teaches us to love people no matter what because it isn't Newton's law, it is our Holy Prophet's character... Islam is far more than replying abuse with abuse."

Ok sir one last question. My way was wrong and I'm really sorry for that. But after this incident I realized that there must be people like kyle all over the world who've got such views, do we Muslims do anything to change that? asked Farishtay. "That's our major drawback my dear. The the biggest problem is that all the misunderstanding and propagandas which have been staged there against Islam have not been prosecuted by Muslims they haven't tried to solve this problem or get a final conclusion what the Muslims should do is that they should all sit together and discuss about these things and do something, something

that will remove the tag of terrorism from Islam but what's actually happening is that everyone is sitting but not together everyone is trying to do efforts on personal levels but no one has exceeded to do something as a nation that is the reason why the darkness is spreading wider day by day, holding cell phones in our hands we are only commenting against the propagandas placed against Islam, and are fighting on different pages and that's all our fight in favor of Islam, holding a mug of coffee doing Islam we just update our statuses and share pictures for Islam and if we go too far we change our profile pictures... That's it! Our protest for Islam is done... Then we log off and sleep or just turn on the T.V and watch a movie.

No one understands my dear! that fate changes when the nation changes, and nations change only when their thoughts change, and thoughts lighten up only when the darkness of illiteracy illuminates and that darkness is already lightened for Muslims by the light of our Holy book Quran. "The professor replied.

Farishtay understood everything he spoke. It made her think deeply. She even apologized to Kyle. She also worked with different authorities to bring changes in the world. But even after several years often when she was alone holding a cup of coffee in her hand she remembered the professor's words and it made her think once more about her ENTIRE FIGHT!!!

NEEHA HAMMAD

BEACONHOUSE SCHOOL SYSTEM LAHORE

FIRE

She tossed her sketchpad on the marble floor and sighed. Carol was exhausted. She tried her best not to think about the hallucinations but the thought whizzed through her mind like a bullet, every once in a while. Fear and panic clouded her mind. She failed to concentrate on anything else.

The building looked haunted. Carol stood in the middle of what looked like an abandoned reception, gawking at her appalling surrounding. A panic attack began to swell inside her as she looked here and there for an exit. Even in the darkness, she could see that spider webs drifting in the air. There was a soft whump, like the sound of displacing air but it soon turned into a blood curdling explosion. Nerve wrecking terror and desolation ruled over her mind as she saw the fire she was now surrounded by.

The fire soon began to have a life of its own. It did not look like any ordinary fire and instead looked like a belch from the Hell. The pungent smoke whirled in all directions and filled up her lungs. She gasped for breath with a mounting fear. The orange clutches of fire wrapped its fiery fingers around the whole room. The fierce fire and rising ashes seared her eyes, reducing her visibility nearly to zero. The fire soon itched its way close and closer to Carol, making her heart palpitate. With no smoke detectors and no ringing fire alarms, Carol lost all her hope of getting any help.

The blazing fire rose high and now, even through the orange flames, a shadow could be seen. It was a tall and broad shouldered figure with hair tumbling on the shoulders as well as down the neck. The shadow stood calm as if not even slightly affected by the scorching fire. It rubbed his hands together like a villain from some comic book. Carol soon heard a slow voice but she failed to understand a single word. The voice came from the other

end of the room where a dark figure spoke to himself. He repeated the same words over and over again as if it was a chant from the supernatural world. A chill wave of sheer anxiety crawled up her spine as the fire came close enough to burn Carol. She screamed and soon began to faint. "Carol? Carol!!" She heard a voice at the back of her head. For a second, Carol felt as if she shattered apart like a glass, just like outward flying colors in a kaleidoscope. "Do you realize that I have been calling you from the last four minutes?" Said Geller. Carol soon realized that it was yet another hallucination. "I am sorry. I was just.." replied Carol when she was cut off by her new boy-friend. "Never mind. I will get you a cup of coffee". Geller turned around and headed towards the college's canteen. As Carol saw his broad shouldered figure from the back, she finally knew who the mysterious figure in those hallucinations was.

OUR MAIN PROBLEM

Once there were two Ants Ms and Mr Ant. Mr Ant said to Ms Ant I'm tired of working so hard. I was thinking that life of humans are with full of comfort a lots of facilities. Humans move freely without any fear but we can't move freely because we are afraid to die by coming under human shoe. MS Ant said I wish we were human too. While this conversation was going on Mr Ali came from his job and looked towards these Ants and said to his wife that these small creatures don't have any responsibility they are totally free to do whatever they want. What do you think? His wife said I wish we were ants too. Next day when they woke so their wish was fulfilled. Mr and Ms Ant converted into Mr and Mrs Ali. Mr Ali and his wife convert into Ms and Mr Ant. They were so surprised how it happened. Then human work like Ants they do a lot of hard work and after a lot of effort they find some food to eat. They were very scared and they were moving by the fear of coming under human's shoes and from. Ants work like humans and face a lot of problem like they were doing all their work by themselves without any unity.

After becoming human they came to know that here we cannot do anything without money. After all these problems both ants and human realized that whatever we were was best and from now on wards we will never think about other's life we will only concentrate in our own life. Then they prayed to god and again human convert into human. Ant convert into Ant and then they live happily MORAL Now a days we use to concentrate more in others life that they are doing this god have blessed them more however we should be happy in the things god have blessed us with and should concentrate in our own life instead of thinking about others life. Then we will love our life and we will be successful.

GLOBAL WARMING

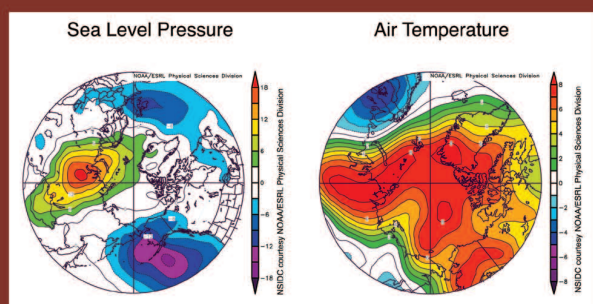

Global warming is the increase of earth's average surface temperature due to effect of greenhouse gases. These greenhouse gases such as carbon dioxide (CO₂) and methane absorbs heat which leads to the cause of global warming. As it is said by Joe Lieberman:

"GLOBAL WARMING IS NOT A CONQUEROR TO KNEEL BEFORE - BUT A CHALLENGE TO RISE TO. A CHALLENGE WE MUST RISE TO."

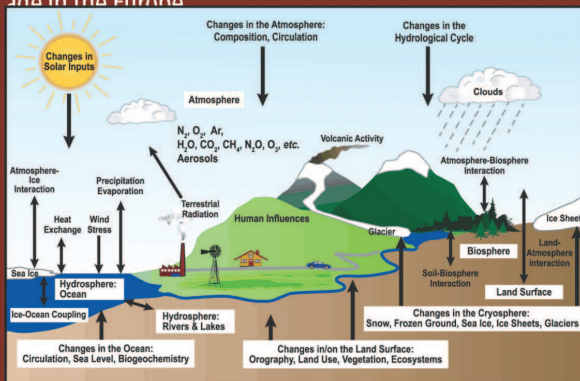

CAUSES OF GLOBAL WARMING

When the level of the sea rises, it covers the plants and causes some of them to die. When they die, animals lose their main source of food. We, human beings lose our two sources of food, plants and animals. It may also force people to lose their homes. In other words, the whole chain will get affected if nothing is done on time to stop global warming from spreading its wings.

FACTS OF GLOBAL WARMING

Global warming is causing extreme weather changes which are showing its implication in the way of forest fire, heat waves and several tropical storms throughout the world. The worst place that is being affected by global warming is arctic and it is to be said that the arctic ice will be completely melted till 2040 and it will then have iceless summers. According to the Environmental Protection Agency (EPA) report, the earth's temperature has increased by 0.8 degree Celsius over past century. Global warming is happening due to over emittance of methane gas and carbon dioxide. And they will remain for the next many years. Furthermore, global warming will entirely alter the oceans conveyer belt which will cause a mini ice age in the Europe

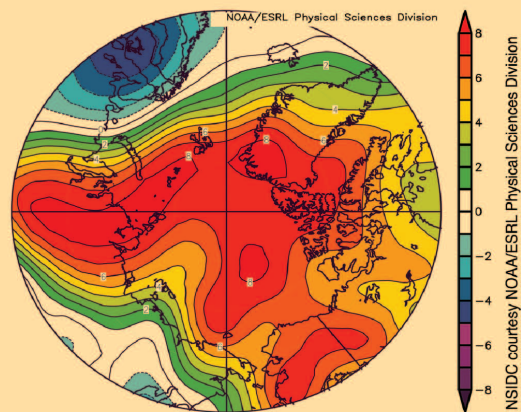

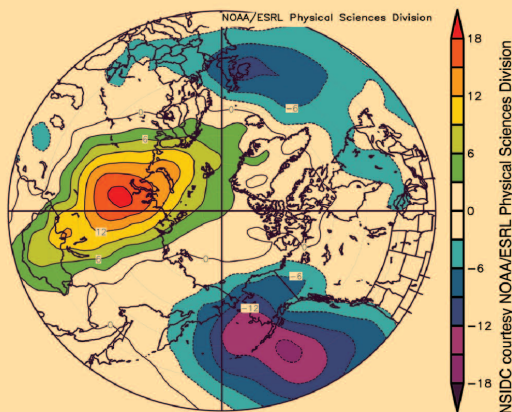

Twenty-nine penguins swallowed by ice
 coughing up snowflakes seeking advice
 give me the answer one of them said
 thoughts of a blizzard inside his head
 it's warmer than global colder than time;
 an icicle formed waiting to rhyme

“MICRODOTS CAN CLEAN UP POLLUTED WATER”

A new study shows that a swarm of hundreds of thousands of tiny microdots, each smaller than the width of a human hair, can be deployed into industrial waste water to absorb and remove heavy toxic metals.

The researchers found that the microdots can remove 95% of the lead in water in one hour, and can be reused multiple times, potentially offering a more effective and economical way to remove heavy metals than previous methods.

Bacteria Cleaning In Action

HIBA ZUBAIR

S.M.S AGHA KHAN SCHOOL, KARACHI

Cavities

Chocolates, candies and lollipop, are enough to make a young one mouth watered about. I am sure you might be aware of them; after all they are so piquant, luscious and palatable to eat. I vividly remember those days when I tip toed in the bright hot sunny afternoon to refrigerator and quietly grab a handful of chocolates and devoured them all in one gulp.

By a study it is proven that more than 90 percent of the world population loves to eat chocolates and candies specially the young one, who find them eating, more salient, than having a proper meal. Apart from all this, have you ever ponder why dentists not recommend eating too much of chocolates, because it can cause cavities in your teeth. People take cavities very lightly but they aren't aware of the painful procedures and the damage done due to cavity. After all who wants to waste their money by giving expensive fees to the dentist? So I'll ease your task and share some home remedies which will prevent cavities.

(1) CONSUMPTION ONION AND GARLIC

Both garlic and onions are anti-fungal and anti-bacterial in nature. Consuming them regularly keeps a command against cavities. For instant effects you may take a slice of onion and keep it near the painful tooth. Make a paste with garlic and rock salt and apply it on your teeth as garlic releases a chemical allicin which provides strength to the teeth and prevents cavities

(2) USE WARM WATER FOR CLEANING TEETH

Bacteria in mouth are temperature sensitive hence, using warm

water during brushing or even drinking warm water prevents bacteria from growing. The entire mouth must be cleaned thoroughly, including the affected areas. Holding warm salt water in your mouth over the infected tooth will also help in reducing the pain experienced by cavities.

(3) USE LEMON WITH ASAFOETIDA

Cavity pain can be eased by chewing a lemon slice. The other alternative is mixing asafoetida powder in lemon juice. Make a paste of this. Now, soak cotton in slightly heated mixture and mop your teeth with it especially the cavity part. This will bring instant relief to your painful cavities.

(4) GARGLE WITH SALT WATER

The benefits of gargling are not appreciated by most people. When you gargle frequently, you maintain a good oral hygiene. Gargling also helps in knocking off the foul breathe and kills bacteria in mouth and throat. People suffering from cavities should regularly gargle with salt water, at least 3 times a day

(5) WHEAT GRASS JUICE

Wheat grass has many medicinal properties. Drinking its juice is good for oral health and it also helps in reducing pain. Cavities are a breeding ground for bacteria, and you must restrict the growth of bacteria to solve your cavity problems. Consuming wheat grass juice helps in reducing the growth of bacteria

RECIPE TIME

“NUTELLA COOKIES”

Ingredients:

- 1) 1 Cup (150gm) plain flour
- 2) 1 Egg
- 3) ½ Cup (115gm) castor sugar
- 4) 1 Cup Nutella

Method:

- Preheat oven to 180c
- Line a baking tray with baking paper, set aside.
- Place all the ingredients into a large mixing bowl.
- Mix all the ingredients together to form a dough.
- Roll table spoon sized balls and place them on the baking tray.
- Use a glass to press the balls for even sized discs.
- Bake for 12 minutes. Leave to cool on the baking tray for 5 minutes and then transfer to a baking rack to cool further. Nutella cookies are ready.

- **Teacher:** What do you call a person who keeps on talking when people are no longer interested?

Ramu: A Teacher

- **Teacher:** What a pair of strange socks you are wearing, one is blue with spots and one is green.

Rahul: Yes, It's really strange. I've got another pair of same at home.

- **Teacher:** Here is a math problem. If your dad earned \$300 dollars a week and he gave your mother half, what should he have?

Student: A heart attack.

- **A Man talking to God:**

The Man: "God, How long is million years"?

God: "To me, it's about a minute".

The Man: "God, How much is a million dollars?"

God: "To me, it's a penny".

The Man: "God may I have a penny?"

God: "Wait a minute."

- نوازش (نادر سے) شاباش! تم نے ڈوبتے دوست کی جان بچائی، نادر: کیوں نہ بچاتا، اس کی جیب میں میرا ایک روپیہ تھا۔

- ڈاکٹر (مریض سے) اگر تم میرے علاج سے تندرست ہو گئے تو کیا دو گے؟ مریض: میں قبریں کھودتا ہوں آپ کے لئے مفت میں قبر کھودوں گا۔

- گورنر صاحب کو پاگل خانے کا معائنہ کرنا تھا، وہ پاگل خانے پہنچے اور پاگلوں سے ملے، ایک پاگل نے گورنر سے پوچھا: آپ کون ہیں جی، گورنر نے مسکرا کر کہا، میں گورنر ہوں، پاگل نے کہا، ٹھیک ہو جائیں گے، جب میں یہاں آیا تھا تو وزیر اعظم تھا۔

- ایک موٹی عورت نے بیکری سے ایک بڑا سا کیک خریدا بیکری والے نے چھری اٹھاتے ہوئے پوچھا! اس کے سات ٹکڑے کروں یا آٹھ، عورت بولی: نہیں چار ٹکڑے کر دیں۔ میں آج کل ڈانٹنگ کر رہی ہوں۔

- فوجی افسر (سپاہی سے) بتاؤ تم نے جنگ میں بہادری کا کیا کارنامہ انجام دیا، سپاہی جناب میں نے دشمن کی ایک ٹانگ کاٹ دی۔ فوجی افسر: سر کیوں نہیں کاٹا، سپاہی: اس کا سر پہلے ہی کٹا ہوا تھا۔
